## Hancock General seeking return of accreditation

By ELLIS CUEVAS  
Hancock General Hospital has lost its accreditation from the Joint Commission on Hospital Accreditation, hospital officials revealed at a special board meeting Monday.  
The Hospital's board of directors and Administrator Harry Gilmore emphasized the accreditation loss does not affect Medicaid, Medicare, Blue Cross

or any other Health Insurance.  
Hancock General was reported in the newspaper late in May to have received accreditation for one year, but due to a technicality under commission rules, the rating was lost.  
The commission made an evaluation survey of HGH January 18.  
"At that time we felt we had been again accredited for one year,"

DEEP SEA NOBILITY—Elizabeth Cunningham, queen of the 1980 Mississippi Deep Sea Fishing Rodeo, is congratulated by John (Big John) Rutherford Jr., the rodeo's King Neptune, Saturday night just after the Pass Christian beauty received her title at Elmer's Broadwater Beach Hotel. Cunningham is the 18-year-old daughter of Mr. and Mrs. James Cunningham and represented Pass Christian in the event. She was selected from among 15 Gulf Coast princesses to receive the title and a \$200 scholarship. (Staff photo by Wayne Ducomb Jr.)

## Waveland mayor objects to 1980 census figures

By WAYNE DUCOMB JR.  
Mayor John Longo of Waveland voiced objections to recently released 1980 federal census figures for the city at a Board of Aldermen meeting Tuesday night.  
The Waveland mayor said the population figures are low and said his written objections will be sent to the U.S. Department of Commerce Census Bureau office in Hattiesburg.  
Longo said Wednesday morning, "In fact, as soon as I get a chance, I'm going to call the Census Bureau about the Waveland report."  
At the Tuesday night meeting, Longo reported, "The census report said we have 3,859 people in Waveland, 700 more people since the 1970 census."  
"This represents a 24.2 percent increase in population since 1970," Longo added.  
"I object to the report based on our

utility, service, postal count and school attendance," the mayor explained.  
"The report says we have 517 more housing units, but only 751 more people. That's not much more than one person per unit," Longo said.  
Longo stated Wednesday morning, "It could be the census did not include newly annexed areas north and west of old city limits."

The mayor noted the Idlewood Subdivision was recently annexed west of the city.  
"We will ask the Census Bureau to check on these annexations, but it appears there are many more people in the city limits than the census found," Longo reported.  
Regarding the city's sewer crossing at US-90 and Nicholson Avenue, the board accepted a bid from Southland Enterprises of Gulfport, as recommended in a letter from project engineers Lewis-Eaton Partnership of Jackson.  
The \$72,748 project will provide sewer service to areas of the city north of the highway.  
Alderman Barbara Rappold explained, "We are accepting Southland's

## Holiday schedules told

By WAYNE DUCOMB JR.  
All federal, state, county and city offices and banks in Hancock County and west Harrison County areas will be closed Friday for Independence Day.  
All U.S. Post Offices will be closed Friday, but will be open during normal hours Saturday.  
Courthouses and other county offices in Hancock and Harrison Counties will be closed Friday along with City Halls in Bay St. Louis, Pass Christian and Waveland.  
Pass Christian will not have garbage pickup Friday, but will resume normal

garbage pickup schedules Monday.  
Waveland skipped trash pickup Wednesday, but Thursday's garbage route was run Wednesday and Friday's garbage route will run Thursday.  
However, Gulf Coast Waste and Disposal will run regular routes Friday in Bay St. Louis.  
All banks in the area will maintain normal hours on Thursday and will be closed Friday.  
The offices of The Sea Coast Echo will also be closed Friday with advertising deadlines being today at noon for Sunday's edition.

**NEREIDS HAPPENING**  
The Krewe of Nereids is staging its annual Fourth of July Monte Carlo Party Saturday at St. Clare's Parish Hall. Activity begins at 7 p.m. with games, social mixed drinks, food, hourly door prizes and an auction at the end of the evening. Donation is \$3.00 per person.

CENSUS-Page 2A

**CLEANING THE BEACH**—Members of the Phi Kappa National Fraternity recently cleaned the beach from Nicholson Avenue to Coleman Avenue in Waveland as a community service. The local high school group has won the top award for community service two years in a row. Fraternity members include, from left, Scott Carter, John Kidd, Fred Ulmer, Byron Dixon, Kenny Benigno, Gene Moran, Sam Harvill, and Keith Johnson. New officers of the fraternity are: Benigno, president; Mike Barnes, vice president; Carter, treasurer; Dixon, secretary;

Johnson and Ulmer, pledge masters; Mark Fousanion, chaplain; Brian Vicknair, alumni chairman; Rohby Waterman and Darren Davenport, social chairmen; Mark Barrett, historian; and Moran, Brian Lewis, and Charlie Stewart, sergeants-at-arms. Little sisters for the group include Cheryl Calhoun, Charlene Clark, Barbara Boyd, Angela Monti, Beth Martin, Donna Gilmore, and Suzie Thomas. (Staff photo-Rich Adams)

**TREASURE TRAIL DAY**—Pass Christian merchants filling a treasure chest with gifts to be awarded at 8 p.m. Saturday at Pass Chamber of Commerce in connection with a Treasure Trail Day sponsored by the newly-formed Merchants committee of the Pass Chamber include, from left, Dave Zietz of Wheels and Deals, Catherine Young of Hancock Bank and committee chairman, Laurie Matkins, chamber executive secretary, Mary Joan Fitzpatrick of Harbor Shop, Roland

Martin of Martin's Hardware, Frank Russell of V and M Supermarket and Page Brown of Hillier House Gifts. Cast of the Bay St. Louis Little Theatre production of 'Anything Goes' will participate in the event which includes special sales at local businesses, special net making demonstration at the Pass harbor, as well as arts and crafts booths. (Photos courtesy Pass Christian Chamber of Commerce)

## Obituaries

### JOSEPH MARTIN

Joseph M. Martin, 49, of Route 2, Franklinton, La., died Saturday, June 28, 1980 in Ansley.

His body was sent from Edmond Fahey Funeral Home in Bay St. Louis to Brown-McGehee Funeral Home in Bogalusa, La., for services and burial.

### WENDELIN WITTMANN

Wendelin B. Wittmann, 64, a mail carrier for the Pass Christian Post Office and a resident of Route 3, Pass Christian, De Lisle, died Tuesday, July 1, 1980 in Gulfport.

Visitors called Wednesday at Riemann Funeral Home in Pass Christian, where a rosary was recited at 8.

A 10 a.m. Mass will be celebrated Thursday at St. Paul's Catholic Church in Pass Christian, followed by burial in Live Oak Cemetery.

Mr. Wittmann was the son of the late Mr. and Mrs. Frank P. Wittmann.

He served in World War II as a first lieutenant and bombardier with the 8th Air Force and flew more than 60 missions.

He received the Distinguished Flying Cross and the Air Medal with five oak leaf clusters.

Mr. Wittmann served under Jimmy

Stewart, who is now a major general in the Air Force Reserve.

He is survived by his wife, Mrs. Inez Fernandez Wittmann of Pass Christian; five sons, Thomas Wittmann of Walker, La., John Wittmann of Charlotte, N.C., Jeffrey Wittmann, a student at Mississippi State University, Richard Wittmann and Daniel Wittmann, both of Denham Springs, La.; five brothers, Randall Wittmann, John (Joe) Wittmann, Harry Wittmann and James Wittmann, all of Pass Christian; a sister, Mrs. Charles (Margaret) Weston of Pass Christian; and five grandchildren.

## NEO WHERE THE HITS ARE

By Jennifer Wood

"At first I wanted to play Neal Cassidy literally," says Nick Nolte of his role as the folk hero of the Beat Generation in *Heart Beat* (featured on Home Box Office this month). "But the more I found out about him, the less I knew. He was a trickster, an illusionist. Everyone saw him in a different light. Finally I realized that trying to walk, talk and look like Cassidy was getting me nowhere. I had to find his substance." Carolyn Cassidy (Neal's real-life wife, played by Sissy Spacek in the film) had only seen Nolte in *The Deep* and at the prospect of his playing her husband, she wondered aloud, "I know he can swim... What else can he do?" Then, watching Nolte on the set, Carolyn said, "He's big like Neal, but that's not important. What's uncanny is how he's got the inner thing down."

# Accident fatal to Pass postman

By RICH ADAMS

A Pass Christian postman was killed Tuesday morning after his car collided with another on Henderson Road near Bayou Portage in Pass Christian, according to Major Jerry Cooper of the Harrison County Sheriff's Department. Wendelin Wittmann, 64, of DeLisle, died at Gulfport Memorial Hospital Monday after his car collided head-on with a car driven by Michael Muller, 30, 203 McClung St., Pass Christian, according to Cooper.

Wittmann was taken to the hospital by Mobile Medic where he died later, Cooper reported.

Muller sustained facial lacerations and was released from Gulfport Memorial Wednesday afternoon, a

hospital spokesman said.

"Charges are pending investigation of the mishap," Cooper said Tuesday. Sheriff's Deputy Tommy Payne is investigating officer, Cooper stated.

A 10 a.m. Mass will be celebrated for Wittmann today at St. Paul's Catholic Church in Pass Christian, followed by burial in Live Oak Cemetery.

Wittmann's survivors include his wife, Mrs. Inez Fernandez Wittmann of Pass Christian; five sons, Jeffrey Wittmann, a student at Mississippi State University, Thomas Wittmann of Walker, La., John Wittmann of Charlotte, N.C., and Richard Wittmann and Daniel Wittmann, both of Denham Springs, La.

## Whitfield is Gulf National director

E. Ward Faulk Jr., vice chairman and chief executive officer, Gulf National Bank, recently announced the election of Samuel R. Whitfield to the Board of Directors and the appointment of Sherron K. Bond, manager of the bank's Orange Grove

office, to assistant vice president.

Whitfield is secretary-treasurer of Sam Whitfield Timber Co. Inc. of Bay St. Louis.

He attended Mississippi State University and graduated from the University of Plano, Dallas, Texas, receiving a degree in business management in 1963.

Active in church and community affairs, Whitfield is married to the former Susan Ford of Hugo, Oklahoma. They are parents of two children.

Bond joined the bank's data processing department in 1968.

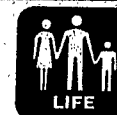

He is a graduate of the University of Southern Mississippi, receiving a bachelor's degree in business administration in 1972.

He is also a graduate of the American Bankers Association's National Institute of Banking, he is currently serving as its vice president.

A former resident of Perkinsville, he and his wife Linda now reside in Gulfport.

### WRONG PRICING LOGIC

If you try to sell your home yourself, how do you set a realistic price? Most people base their price tags on the only facts known to them: original price, cost of improvements, and hoped-for profit. Then they adjust to bring their figure in line with what they think similar homes are bringing. Sounds reasonable, but three basic facts are irrelevant, and the fourth is highly dubious.

may give you some clue to the market, but most of the time you only hear of the asking price. If it's not a realistic price, it won't be the selling price. How then do you set a realistic price? By consulting a local Realtor whose business it is to know how much property can bring and will bring. His knowledge of the market is invaluable.

The original price, improvements, and hoped-for profit only determine whether you gain or lose, but they have nothing to do with the right price to produce a sale. Prices of other homes

**REVIEWS SUBDIVISION PLANS**—The Waveland Board of Aldermen accepted a recommendation by the City Planning and Zoning Commission to approve a preliminary plan submitted by McDonald Realty of Bay St. Louis to develop some 39 lots in Lakewood Subdivision's second phase. The board's approval also included a variance allowing the developers to exclude sidewalks as required by city regulations. Alderman

and City Clerk Barbara Rappold said the exception was made so the second phase would conform with the first phase development. Reviewing the plans at a regular aldermen's meeting Tuesday night are, from left, Contractor C.C. McDonald of Bay St. Louis; Waveland City Attorney Lucien Gex; and Aldermen Jack Toomey, Rappold and Louis Smolenski. (Staff photo by Wayne Ducomb Jr.)

**FRISKY PUPPIES**—The Bay-Waveland Humane Society is offering these frisky German Shepherd puppies for adoption to good homes. Five of the original eight puppies are looking for homes. For information call 467-7891. The Society also has a number of other puppies and three kittens available for adoption. For information about those pets, call 467-8494. (Staff photo-Rich Adams)

## Brief

base bid after deducting two alternatives.

In a related matter the board authorized the mayor to sign an environmental impact study being prepared by Lewis-Eaton for the city's proposed water line and tower to serve two US-90 shopping centers under construction.

Longo said, "We're doing this now so this won't hold up the chain of command to obtain our Farmer's Home Administration loan for this project."

Regarding other city utility matters, the board authorized mailing letters to residents who have not yet hooked up to city sewer lines.

City Attorney Lucien Gex explained, "The letters direct residents to hook up to city lines within 30 days and advise them they can be fined up to \$50 per day if they're not tapped in after the 30-day period."

Rappold said, "We have had calls from several people reporting people who are not hooked in to the city sewerage system."

"Based on sewer permits we have a list of those people who have not yet

hooked into city lines," Rappold reported.

Longo stated, "Everyone should hook up to the sewer lines in fairness to the people who scraped up pennies or made a loan to tap in to city lines."

"It's not right when their neighbor has sewerage running into a ditch," the mayor added.

The aldermen also discussed meeting with the Hancock County Board of Supervisors regarding the County Sewerage District.

In other business, at the 7:30 p.m. regular meeting at City Hall, the aldermen:

—Adopted an ordinance banning glass containers from the beach as recommended by the County Supervisors;

—Accepted a recommendation by the City Zoning and Planning Commission to accept preliminary plans by McDonald Realty, developing a "second unit" of Lakewood Subdivision consisting of 39 lots. The board also accepted a recommendation by the Commission to allow a variance which would not require sidewalks in the

subdivision;

—Accepted homes of Ollie Butler, Virgie Coe, Vera Hawkins, Ollie Mae Scott, Annie Williams and Luther Johnson for the Middletown Rehabilitation Project as recommended by Project Officer Laurence Burns;

—Accepted Max Berns' resignation as Waveland's commissioner to the Mississippi Coast Transportation Authority due to job responsibilities;

—Accepted bids from Wilcox Electric Co. of Waveland for air conditioning units for the senior citizen's crafts outlet now under construction on US-90, the city secretary's office at City Hall and the Senior Aides Program office at the Civic Center. The total cost of the three units including installation charges is \$2,090;

—Authorized advertising for a new air conditioning unit for the City Police Department office as requested by Chief Investigator Robert (Poochie) Tartavouille;

—Authorized a \$203 payment to local artist Carl Baldehoffer for art supplies purchased for a senior citizen's art

course;

—Authorized a \$25 advertisement in the Annual Necaise Crossing Gumbo Festival program;

—Authorized two parcels of land sold to the city for taxes be sold back to Shiela Thomas for \$190;

—Discussed enforcement of existing litter laws in the city and particularly on the beach front. Gex suggested making arrests to enforce the existing laws;

—Discussed beach and beach road maintenance responsibility;

—Discussed the purchase of a new pickup truck for the city at state bid price;

—Discussed methods for handling complaints lodged at City Hall;

—Discussed the problem with two blocked toilets at the Civic Center;

—Received a letter from the Hancock County Chamber of Commerce regarding a group life and health insurance program available to Chamber members;

—Received an invitation to a meeting of the Waveland Civic Association slated for 8 p.m. July 10.

## Mobile Medic is worth it!

We feel there must be very few county residents who have not seen a Mobile Medic ambulance on their streets this past year.

July is membership month for Mobile Medic Ambulance Service, and the fee for this year is \$28 for a complete family membership which includes husband, wife and all unmarried children under 21 living at home.

We at the newspaper often have the opportunity of seeing the fine job the company does in our community. In fact, we do not know what we would do without them.

Emergencies such as vehicle collisions, fires, drownings, people falling, heart attacks, strokes, air plane wrecks and we could mention even more, these are the places we see the orange and white Mobile Medic units.

In Hancock County during the past 12 months, the ambulance service responded to 1,687 calls. Of these, 170 were dry runs with 548 being emergency calls and 545 transfer calls.

The benefits derived from the \$28 fee are unmatched when you consider a non-member would pay \$95 for an in-county emergency call.

We know many folks may feel they are not old enough to need emergency services. However, many of the calls to which Mobile Medic responds involve teen-agers as well as very young children.

Normally a person using an ambulance service similar to Mobile Medic would have to pay extra if they are a member and were transported to an out of county hospital.

But there is an exception made when Mobile Medic transports Hancock County members to Gulfport Memorial through a special agreement between the ambulance service and doctors, according to John Rester, manager.

During the past year, three regular and four part-time employees of Mobile Medic have been certified Intermediate Emergency Medical Technicians.

This extra specialized training by the employees of Mobile Medic shows the firms dedication to the people they serve in Hancock and West Harrison Counties.

As many of you know, Mobile Medic has a substation on US-90 behind the Wheel Inn Restaurant to service our area.

Currently the staff of the ambulance service includes three full-time residents of Hancock and one part-timer.

An all out effort is being made by the firm to give us the best in emergency ambulance service, a service we feel is a necessity for our community.

We never know what time of day or night we may need the service, no matter our age.

July is the only month to subscribe at the low rate of \$28 per family. You can get a coupon from this issue of the Echo or pick up a subscription form at your favorite bank.

We hope you won't need their service the coming year, but if you need them and have a family membership, you can save many dollars.

**Cigarettes abbreviate your life.**

UMC Family Medicine Residents and Mississippi State Board of Health

**FIREMEN INSTRUCTIONS**—Robert L. Hicks, State Fire Academy, held four nights of classes on basic firefighting at the Bay Fire Station last week. Firemen from Bay St. Louis, Cuevas, Long Beach, Carriere, Pass Christian, Woolmarket, Waveland, Wiggins, North Gulfport, West Hancock, Orange Grove, Clermont Harbor, d'Iberville, and West Jackson County were among those attending at the special classes. Hicks, who travels much of the state, reported firemen in this area are among the state's most active. We think it is a tribute to these regular and volunteers who strive to be the best in what they do. Fire fighting has come a long way in Hancock during the past ten years. We appreciate the fine job they do.

THE UNANIMOUS DECLARATION OF THE  
THIRTEEN UNITED STATES OF AMERICA,

When in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the Powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed. That whenever any Form of Government becomes destructive of these ends, it is the right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.—Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove it, let facts be submitted to a candid world.

He has refused his Assent to Laws, the most wholesome and necessary for the public good.

He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has truly neglected to attend to them.

He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their Public Records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people.

He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the Legislative Powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these States; for that purpose obstructing the Laws of Naturalization of Foreigners; refusing to pass others to encourage their migration hither, and raising the conditions of new Appropriations of Lands.

He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary Powers.

He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our People, and eat out their substance.

He has kept among us, in times of peace, Standing Armies without the Consent of our Legislature.

He has affected to render the Military independent of and superior to the Civil Power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their pretended legislation.

For quartering large bodies of armed troops among us:

For protecting them, by a mock Trial, from Punishment for any Murders which they should commit on the Inhabitants of these States;

For cutting off our Trade with all parts of the world:

## LETTERS

To The Editor

Independence Day message delivered by president

Editor  
Sea Coast Echo  
Bay St. Louis, MS

Across the United States On Independence Day our citizens join in celebration of the freedoms we cherish, in thanksgiving for the blessings bestowed on us and in prayerful

remembrance of those who do not share in our good fortune.

Rosalynn and I will be there in spirit with all our patriotic and proud fellow Americans who take part in the many commemorative events this historic day inspires.

We join you in a rededication to this nation's unbending commitment to human rights for all and in a reaffirmation of our nation's founding principles. We hope that each of the special programs and activities that mark this occasion will be inspiring, memorable and enjoyable.

Jimmy Carter  
White House  
Washington, D.C.

The Sea Coast Echo welcomes comments from its readers on subjects of general public interest. All letters must be signed, home address given and conform to published standards, be brief, in good taste and reason.

For imposing taxes on us without our Consent;  
For depriving us in many cases, of the benefits of Trial by Jury;  
For transporting us beyond Seas to be tried for pretended offences;  
For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies;

For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of Our Governments;  
For suspending our own Legislature, and declaring themselves invested with Power to legislate for us in all cases whatsoever.

He has abdicated Government here, by declaring us out of his Protection and waging War against us.

He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people.

He is at this time transporting large armies of foreign mercenaries to complete the works of death, desolation and tyranny, already begun with circumstances of Cruelty & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation.

He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their hands.

He has excited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions.

In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free People.

Nor have We been wanting in attention to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable Jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends.

We, therefore, the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. And for the support of this Declaration, with a firm reliance on the Protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

JOHN HANCOCK  
et al

**Bits 'n pieces**

We sure hated to hear Hancock General Hospital lost it's accreditation with the Joint Commission on Hospital Accreditation.

It is good to know that the Hospital board, medical staff and administrator are all working together in making application for a new evaluation survey.

We have heard many reports of the fine services offered at the local hospital and they outweigh the very few complaints.

We think the set-up with a doctor at the hospital at night and on weekends is one of the best services we have ever had in Hancock County.

Of course, there are those who think that physician is only an intern. But the truth is that position is filled by a resident, a doctor who is furthering his education by specializing.

It is good to know there is a doctor on duty at the hospital at night from 6 p.m. to 6 a.m., all day and night on weekends and holidays. There is also a back-up local doctor on call in case additional help is needed during the night with emergencies.

We hope each and everyone of you will have a good holiday for the Fourth weekend. We know many of you will be able to make it a long weekend.

Two things we would like to mention as reminders—please be careful on the highways and roadways and also with those fireworks.

If you are the type of a person who likes to have a few under his belt during the holiday weekend, please let someone else drive.

The number of persons injured continues to increase from the use of fireworks.

Children seem to be the age group where most of the injuries occur. Once a person has lost the sight of an eye, there is nothing the medical people can do to replace an eye.

Like we say, enjoy yourself but be careful.

Today starts the largest fishing rodeo in our area and we hope many of you residents will participate.

So if you haven't gotten out the can of oil and placed a little of it on the palls of your reels, now is the time to do so.

They say the big ones are jumping.

We hope you catch the largest one in the rodeo, we understand record breakers are in for a special treat at the Mississippi Deep Sea Rodeo in Gulfport.

It is fair time for the members of St. Rose Parish this long weekend.

We hope many of you will visit the fair on Necaise Avenue and try some of the delicious food.

There are all types of entertainment, and you can even purchase a nice house plant or item for your home. See you at the fair.

1,200 expected next year

## Boy Scout use of Hancock reservation to increase

By WAYNE DUCOMBE JR.  
The Boy Scout population using the V-Bar Camp at the multi-million dollar Salmen Reservation near the Sellers Community is expected to grow next year due to recent closing of Slidell's Camp Salmen.

Both camps have served the New Orleans Council—Boy Scouts of America, but the 112-acre Slidell facility is being closed and sold due to economic pressures facing the organization after 56-year's operation.

Frank Lawrence, New Orleans Council executive, said Tuesday afternoon, "There will be more than 800 Scouts using the Salmen Reservation this year and more than 1,200 are expected to use the facility next year."

The Salmen Reservation has been

operating for nine years.

"Camp Salmen in Slidell was used for two weeks this year," Lawrence added. Norton Haas Sr. of Bay St. Louis, Area Council executive committee member, said Tuesday afternoon, "We hope to sell Camp Salmen for \$2 million and hope to get \$200,000 interest each year by investing that money."

"Another problem beside a decrease in members was that we didn't have enough land to expand in Slidell," Haas stated.

Lawrence said at year's end the council will serve 17,000 Scouts consisting of 780 packs, troops and explorer posts in 11 Louisiana parishes and Hancock County.

"There are roughly 500 Scouts in the Slidell-Hancock County area," Lawrence stated.

When asked if the existing Hancock

County reservation would be expanded to accommodate the expected increase of 400 Scouts, Lawrence replied, "In the long-range plans for the reservation, we hope to expand, but not in the near future."

"We have enough room at the Hancock County facility to accommodate all of our Scouts. We have developed 250 acres of the 1,400-acre reservation which also includes a 100-acre lake," Lawrence reported.

"We're no where near our peak. We can camp 250 Scouts per week for eight weeks with our present facility, but we can handle more than that because, including our staff, it would be more like 300 per week," the executive explained.

"We will use what we've got until we

have enough Scouts to justify an expansion," Lawrence said.

Haas said, "We've spent about \$2 million at the Salmen Reservation and we won't have to spend a whole lot more of money in the future."

"We've put in a reservoir and a water system which could serve a city of 25,000 people," Haas explained.

"We made an agreement with the Salmen family to perpetuate the name in Scouting, so the name will go on being used at the Hancock facility," Haas reported.

"We normally have 25,000 Scouts in the council with 8,000 adult volunteers, but with the sex scandal in New Orleans several years ago that number has dropped to about 17,000," Haas explained.

### HOLIDAY GARBAGE PICKUP

Regular garbage service WILL be provided on Friday, July 4. Trucks will start pickup at 6:30 a.m. in order to finish in time for our men to enjoy part of the holiday.

### Merchants breaks

bank men's

dress tradition

The Department of Energy's Emergency Building Temperature Restrictions require that all commercial buildings maintain their thermostats at 78 degrees.

Merchants Bank and Trust Co. agrees that conservation is important in order for America to become energy independent.

However most commercial buildings including the bank's offices are not designed to provide a comfortable work environment with air-conditioning settings of 78 degrees.

In addition, statistics show employees that are uncomfortable grow irritable and in many cases do not perform as well as they might otherwise.

Also their attitude towards others worsens and obvious problems could develop.

In an effort to prevent these undesirable effects, beginning the first week in July, Merchant's officers will be allowed to shed their coats and ties for short sleeves.

The female officers have been outfitted in uniforms for sometime that allow various combinations which are comfortable year round.

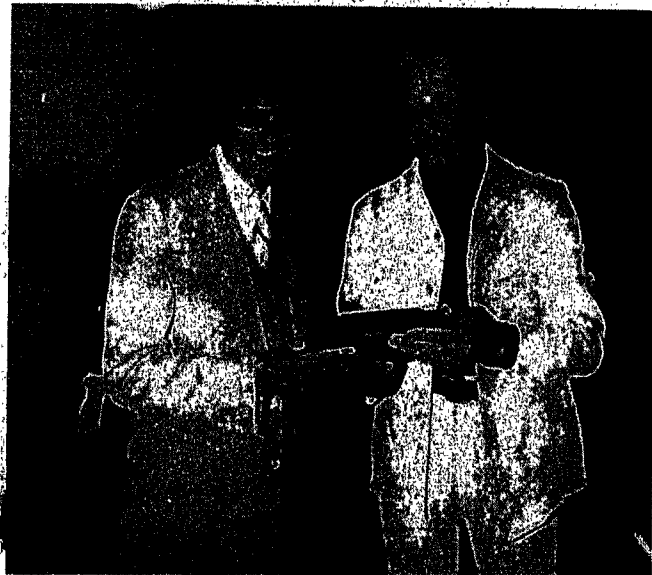

Guy C. Billups Jr., chairman of the board of Merchants, commented, "the casual appearance our officers will assume, will in no way reflect their attitude toward their customer's business. They will still perform as eager, efficient bankers, only cooler."

Merchants Bank is not the first to adopt this policy. A hand-full of other banks around the country have also taken the posture that although proper dress is important to the image of their institution, the casual appearance in many ways is preferred by customers and employees alike.

It is not the coat or the tie or the shirt, but the man inside.

ROTARY DIRECTORS—Randle Hatton, left, James Evans and A. Ames Kergoien are installed as directors of the Bay St. Louis Rotary Club by Judge Rubie Griffin, left. ## Waveland principal receives pay raise

By RICH ADAMS

The Bay St. Louis Municipal Separate School Board Monday approved a \$136 pay raise for Waveland Elementary Principal James Baldree following a 65 minute executive session.

Baldree's yearly salary was \$19,664 before the board approved the less than one percent raise to \$19,800 during the special board meeting Monday night.

"I move Mr. Baldree's salary be raised to \$19,800 to make his pay more commensurate with the other administrators in the system," Board Member Betty Diboll said.

The motion was seconded by Walter Turcotte and unanimously approved by the board.

Last month the board approved salaries for administrators and teachers. Explaining administrators' salaries were established by a formula combining number of years experience and a responsibility factor.

Despite the raise, Baldree's salary is still the second lowest administrator's in the district.

Also Monday, the board approved formation of a 15-person committee to study teacher insurance.

Included on the committee are two school board members, two administrators, two teachers from each school, a member of each to the two local teachers unions, and maintenance staff representative.

Board Members Diboll and Singleton will represent the board and Baldree and Bay High Principal Robert Magee will represent administration.

Ken Harder and Claude Yarbrough will represent the Senior High School; Elizabeth Young and John Necaise will represent the Junior High School; Lynn Parsons and Bay St. Louis Local, Mississippi Association of Educators President Mary Kay Deen will represent North Bay Elementary; Waveland Elementary will be represented by Nadene Schindler and Jeanette Smith; and Pat Pitolo will represent the non-certified staff.

Andrews Wilkinson, president of the Bay St. Louis Local, American Federation of Teachers, said he will name a representative from his union this week.

Also Monday, the board signed an application to the Educational Finance

Commission for 100 percent funding of roof repairs to the Bay High cafeteria.

Superintendent J.D. McCullough told the board that a representative of the EFC, School Architect Fred Wagner, and himself inspected the cafeteria and gymnasium at the senior high school and noted discrepancies in the roofing.

"We decided then that patchwork is required at the gymnasium at an estimated cost of \$1,200," McCullough told the board.

"The roof at the cafeteria needs to be replaced completely. That is estimated to cost \$12,000," he added.

Board Member Maurice Singleton moved to request the \$12,000 from the EFC, which was seconded by Diboll and unanimously approved by the board. McCullough said money for the gym roof will come from local district maintenance funds.

In other business, the board approved hiring three new teachers for the 1990-1991 school year, but retreated into another executive session for 20 minutes before approving the action.

The board was reviewing resumes of Sandra Smith, Beth Watkins, and Raymond Hanser when Board Member James Ginn, Board President Virginia Gex, and Turcotte began whispering about one of the resumes.

Ginn then requested the private session, which was seconded by Board Member Walter Turcotte.

When the board returned to regular session, Turcotte moved to hire all three teachers.

Ginn seconded the motion and the board approved the hirings.

Also Monday, the board tabled a request from Moore and Powell Accountants for an \$800 increase in pay for next year.

In a letter to the board, Moore and Powell's Richard Thomas cited reasons for the increase, including a \$2,500 deficit the accounting company absorbed last year after preparing the superintendent's report.

Powell pointed out most school prepare superintendent's reports on an in-house basis.

Ginn moved the board table the matter until it "looks into the request."

The board adjourned until its regularly scheduled meeting on July 14 at 7:30 p.m.

## Pass Christian leads in May permit figures

By WAYNE DUCOMB JR.

The City of Pass Christian issued the highest dollar value in building permits for the month of May in the tri-county area which includes Bay St. Louis and Waveland.

Pass Christian issued eight permits during May for construction with an estimated value of \$218,970, compared to 28 in Waveland on an estimated value of \$147,955 and four in Bay St. Louis on \$102,395.

A current Mississippi Research and Development Center report shows most of the May permit figures represented residential permits with Pass Christian issuing four permits on a \$214,000 construction valuation total; Waveland issuing four on \$107,020; and Bay St. Louis with three on \$100,395.

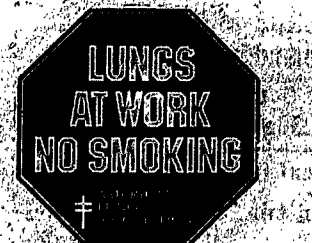

None of the area cities issued any commercial permits in May.

Waveland led in alteration, addition and repair permits by issuing 22 on

jobs totaling \$40,934; Pass Christian issued four permits on \$4,970 and Bay St. Louis issued one on \$2,000.

Due to a strong showing in April commercial permits, year-to-date figures show Waveland with \$2,768,828; Bay St. Louis with \$582,205; and Pass Christian with \$479,080.

Waveland surpassed its 1979 permit total of \$2,355,901.

## Car injures Bay pedestrians

By WAYNE DUCOMB JR.

A youth was charged by the Bay St. Louis Police Department for hitting four Bay St. Louis pedestrians and injuring two with an automobile early Sunday morning.

Bay Police arrested another minor driving an automobile Monday night on multiple charges.

In another incident, a Waveland man was also arrested early Sunday morning and charged in a Bay St. Louis accident.

Bay Police Chief Douglas Williams reported Wednesday afternoon, "A Bay St. Louis minor was charged at 1 a.m. Sunday with causing an accident and reckless driving on Beach Boulevard near Court Street."

"The youth struck Brain Ladner, 20, of Lakeshore and Ernest Williams, 23, of Bay St. Louis with his automobile while they were apparently crossing the street," Williams explained.

"Both men were taken to Gulfport Memorial Hospital, but I believe they have now been released," Williams said.

Ladner was hospitalized for a fractured left leg and Williams was treated for bruises and lacerations," the police chief stated.

Chief Williams said the other two pedestrians were not injured and their identity was not available.

Chief Investigator Matt Karl said Wednesday afternoon Patrolman Albert Blehl responded to the accident.

Another minor was arrested by police at 9:39 p.m. Monday night and charged with reckless driving, no driver's license, assault on a police officer, resisting arrest, profanity and improper brake tag.

Auxiliary Officer Edward Williams said Wednesday afternoon he and Patrolman Edward Watts arrested the youth on Old Spanish Trail near Keller Street.

In another arrest, Glenn F. Allen Jr., 24, of 201 Marcus Drive in Waveland, was charged with reckless driving, causing damage, improper equipment, driving under the influence of drugs, speeding, no tag and no lights.

Chief Williams reported, "Allen hit a pickup truck belonging to Gregory K. Koon of Pearl which was parked on deMontuzin Street near Dunbar at about 3:30 a.m. Sunday."

"Allen was apprehended and charged after he hit the truck," the police chief said.

Karl said, "Patrolman Albert Blehl was the arresting officer."

## Twister damages jailer's house

By RICH ADAMS

A tornado apparently touched down in the Standard Community about 7:30 p.m. Tuesday, causing damage to Hancock County Jailer R.D. Ladner's home some two miles off Hwy. 603.

Ladner and his wife were in an underground storm shelter when the twister hit, Ladner reported.

"I built the shelter just for an occasion such as this," Ladner said Wednesday morning.

"Whenever the skies become threatening as they were last night, we generally go to the shelter," he added. Ladner said the tornado removed the front porch from his home and damaged a pump shed.

"I heard hail and lifted the top of the storm shelter to see what was happening," the county jailer recounted.

"I saw the grass flattened by the wind and then saw a rocking chair fly by the house. I got back in the shelter," he added.

"It happened so quick. When we came out of the storm shelter my front porch was in the field. A few pieces of my pump shed were missing, too," Ladner explained.

He said a neighbor's shed was also damaged by the tornado.

A heavy thunderstorm rolled over Hancock County from the west Tuesday about 7 p.m., preceded by a drop in temperature of 11 degrees in a 30 minute period, according to the Hancock Bank telephone weather service.

The temperature dropped from 89 degrees to 78 degrees between 7 p.m. and 7:30 p.m., according to the weather service.

## Caretaker charged in cattle theft

By WAYNE DUCOMB JR.

A Crane Creek man has been arrested and charged with grand larceny in a continuing investigation by the Hancock County Sheriff's Department into the shooting and butchering of two cows.

Leo Labra, 43, caretaker of the Hickory Hill Ranch, Route 2, Carriere, was arrested about 4 p.m. Tuesday and charged with grand larceny.

Sheriff Ronald A. Peterson said Wednesday afternoon, "After an investigation by Sheriff's Investigator Delbert Seay and State Highway Patrol Investigator Bobby Parker of the Cattle Theft Bureau, Labra was arrested and charged with grand larceny after admitting participation in the skinning and butchering of one of the cows."

"The two cows belonged to Chet Cuevas who lives on Hwy. 53 right on the county line near Crane Creek," Peterson reported.

"On June 7 we received a complaint from a Shelby Ladner in the Perkinston Community near Crane Creek of a cow

carcass on Anna Necaise Road," Peterson said.

"We have previously received several complaints of cows being shot in the Crane Creek area," the sheriff added.

"Deputies Fairley Necaise and Mary Beth Iwanzyk responded to the call and found what appeared to be two cows butchered and dumped on the side of the road," Peterson reported.

"From what we can determine the two cows had been shot and skinned. We feel some of the meat from one of the cows was taken and put in a local cooler in the area," Peterson explained.

"Upon investigating the matter, the deputies found fresh tracks and the carcasses did not have much of an odor. This led them to believe the cows had just been killed," the sheriff stated.

"The investigation is still being conducted because we feel possibly that additional arrests will be made," Peterson said.

## Accreditation.....CONTINUED FROM PAGE 1A

same as it has been, nothing has changed, all services are still offered to our residents while we are awaiting this new evaluation."

Dr. Chevis noted in recent years both the Veterans Administration and Charity Hospitals in New Orleans had lost accreditation from the commission.

The hospital board, administrator and chief of staff all stressed the evaluation survey made by the commission is a voluntary rating requested by the local hospital.

Gilmore said, "It really shows whether you are up to par with other hospitals; all we really need is a license from the state to continue operation of our facilities."

The hospital officials said they expect that when the new evaluation is made, the hospital will receive accreditation. Dr. Chevis holds the same opinion.

Major deficiencies found in January which were reported to the hospital in April have been corrected, Gilmore said.

"Paper work" was listed as the area which HGH received the most demerits from the commission.

Gilmore received word by telephone yesterday that the evaluation survey will take place on July 29, 1990.

Board members attending the special meeting Monday were Rev. Johnson, Conrad Mauffray, Brother Martin, SC, Bobby Baxter, and Gilmore.

## Teen charged with diving from bridge

By RICH ADAMS  
A 17-year-old Metairie, La. youth arrested for allegedly jumping from the Bayou LaCrosse Bridge on Hwy. 603 Monday was fined \$30 by District Four Justice Court Judge Bruce Necaise, according to Highway Patrolman Curtis Newmann.

This is the first arrest made in connection with an order by the Hancock County Board of Supervisors prohibiting jumping or diving from bridges in the county.

"I started to tell the youth not to jump from the bridge, but he jumped as I walked toward him," Newmann said Tuesday.

### FOR HOME DELIVERY,

Call 467-5473 or 467-5474  
between the hours of 9 a.m.  
and 5 p.m. Monday through  
Friday.

**FAIR PREPARATIONS**—St. Rose de Lima Parish fair is scheduled this weekend, and preparations are already underway. Painting some of the booths in top photo are Bruce and Clarence Mitchem; bottom left kneeling is Carlton Mitchem and Jay Labat; at lower right is fair chairman Fred Mitchem. The annual Fourth of July event starts at 9 p.m. Friday night with a Battle of The Bands at St. Augustine's Gym featuring three live bands. A chicken dinner will be served Saturday from 10:30 a.m. until 5 p.m. All day Sunday softball games will be played and booths open at 8:30 p.m. on both nights. (Staff photos by Catherine Lizana)

## Highway Patrol slates July 4 'maximum effort'

All available personnel will be patrolling roads and highways under the Mississippi Highway Safety Patrol's jurisdiction during the Fourth of July weekend, Patrol Chief Donald Butler said.

Butler said that patrol officers will make a maximum effort to reduce the number of fatalities and accidents which occur each Independence Day.

Last year, three persons died on Mississippi highways during the 30-hour observance, one of which involved a collision between a bicycle rider and an automobile.

The Fourth of July is on Friday this year, making it a 78-hour holiday period which officially begins at 6 p.m., on

Thursday, July 3 and ends on Sunday, July 6 at midnight.

In 1978, 19 people were killed and in 1977, 12 died in accidents, Butler said.

"All patrol officers and supervisory personnel will be on the State highways in force," Butler said, "in an effort to apprehend drivers committing violations of traffic laws which could lead to accidents."

The patrol chief urged drivers to obey voluntarily the 55 mile per hour national maximum speed limit, to be alert, to use seat belts and other restraint devices, particularly if small children are in the vehicle.

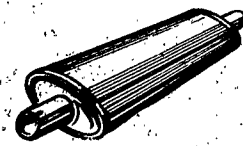

The Mississippi Highway Safety Patrol will cooperate with state law enforcement agencies in adjoining states in

operation CARE, the Combined Accident Reduction Effort on Interstate highways.

"We hope all drivers have a pleasant and safe Fourth of July," Butler said.

### BOATING SAFETY TIP

High performance boats demand responsive steering systems. The Committee for National Safe Boating Week, June 1 - June 8, reminds skippers to check their steering wheels for excessive slack and the steering cables for signs of fraying. Your marine dealer has the equipment and know-how for tightening or replacing them. (Courtesy Flotilla 35, U. S. Coast Guard Auxiliary)

## Gospel singers schedule Pass homecoming Sunday

Hundreds of singers and lovers of Gospel Music will gather at 951 East Beach in Pass Christian, Miss., for the 24th annual homecoming of GSA.

The group's annual Summer School of Gospel Music is in session with students from all

parts of America taking part. This homecoming event will be Sunday beginning at 10 a.m. and closing at 3:30 p.m. with many of the nation's best gospel singers taking part.

Gospel Singers of America, Inc. is the oldest school of its kind and one of the few remaining of its kind continuing a Southern tradition of

the old singing school that has been a part of the way of life in America for 250 years.

Violet Polk, president of GSA and the Music School, will be chairman of the all-day singing.

All lovers of Gospel Music are invited to attend, he said, noting there will be no ad-

mission charge.

Dinner will be served at noon and visitors are urged to bring a basket lunch.

A meeting of the Board of Directors of GSA is scheduled at 9 a.m.

Devotion at 11 a.m. will be brought by Mr. P.J. Zondervan of Grand Rapids, Michigan, president of Zon-

dervan Publishing Company, and past president of Guideon International, and a member of the board of GSA.

Some 150 students and teachers will take part in this all day singing with some of the best talent in Gospel Singing, so make plans to attend, Polk said.

### In Service

#### POIDAVIS

Navy Mess Management Specialist 1st Class Joseph R. Davis, son of Kathleen W. Davis of 412 E. North St., Pass Christian, Miss., has completed the Basic Enlisted Course at the Naval Submarine School, Groton, Conn.

During the six-week course, he was introduced to the basic theory, construction and operation of nuclear-powered and diesel submarines. In preparation for his first assignment, he studied shipboard organization, damage control, and submarine safety and escape procedures.

A 1963 graduate of Long Beach High School, Long Beach, Miss., he joined the Navy in September 1963.

PVT. H. S. ALEXANDER Marine Pvt. Homer S. Alexander, son of Walter H. and Claude M. Alexander of Route 3, Box 598, Bay St. Louis, has completed the Aviation Machinist's Mate Basic Jet Engine Course.

During the five-week course at the Naval Air Technical Training Center, Millington, Tenn., he received introductory instruction on the characteristics and operating principles of jet engines. His studies included engine lubrication, ignition and fuel systems.

Additionally, he studied the procedures for refueling and defueling aircraft for removal and installation of aircraft engines and for the operation of aircraft ground handling equipment.

A 1978 graduate of Bay Senior High School, he joined the Marine Corps in September 1979.

#### CPL TROSCLAIR

Marine Lance Cpl. Robert N. Troscclair, whose wife, Vena, is the daughter of Alva H. and Daun S. Ruhr of 517n Genin St., Bay St. Louis, Miss., recently participated in Cuban refugee assistance operations.

He is a member of Marine Medium Helicopter Squadron 261, based at the New River Marine Corps Helicopter Air Station, Jacksonville, N.C.

During the operations, his squadron was embarked aboard the amphibious assault ship USS Salpan.

They conducted search and rescue missions in the Florida Straits between Key West and the Cuban coast during the humanitarian operation.

His squadron flies the CH-46 "Sea Knight" transport helicopter.

Troscclair joined the Marine Corps in January 1979.

Theatre Publicist

Connie Helzmann stars as Reno Sweeney in the forthcoming Bay St. Louis Little Theatre production of the Cole Porter musical "Anything Goes."

The production will be staged July 10, 11, 12, 18, and 19 at the group's Red Barn Playhouse on Boardman Avenue.

"Anything Goes," which first starred Ethel Merman, is enjoying a revival across the country, with its ever popular songs of the late 20's and early 30's snappy comic dialogue, and the inevitable romance. Mrs. Helzmann combines her talents with those of local theatre favorite Dan Griffon as Billy Crocker (remember Tevye of "Fiddler on the Roof"?), and the superb comedy talents of Vic Frankiewicz, Jr. as Moonface Martin, to form a trio of

sheer energy and entertainment.

Also making their local theatre debuts are Topsy Stieffel and Rusty Blackwell. They portray the sophisticated young debutante Hope Harcourt and her fiancé Sir Evelyn Oakleigh.

The talent doesn't stop there.

"Anything Goes" is a showcase for Pam Griffon as the nasal New York Moll, Bonnie.

Sherry Schwabacher appears as the bossy, manipulating Mrs. Harcourt. Ellsha J. Whitney, Wall Street millionaire, is portrayed by Richard Taylor.

Mr. Whitney is the perfect recipient of the charms of Reno's back up group "The Four Angels" of Chastity, Claudia Murphy; Purity, Darlene Collier; Charity, Mitz Plessala; and Virtue, Carol Owen.

Superintendent of County Schools Billy D. Sills appears as the Captain of the luxur-

liner America, with Tim Bourgeois as his able pursuer.

Others in the cast include George and Celeste Proulx, Cathy Griffon, Rod Stieffel, Sam Cuevas, Red and Gloria Reinke.

Tracy Stieffel, Ford Gaudin, Linda Dorlan, Kassy Byrd, Carla Hille and Matt Stieffel. Sharing stage direction is Laurie K. Byrd and Mike Cuevas.

Skip Wusnick is musical director.

Tickets are available at the following locations:

—Chapman Business Service, Court Street, Bay St. Louis.

—Waveland Drugs, Coleman Avenue, Waveland.

—Little Caesar's Restaurant, US-90 Waveland.

—Redgo Ceramics, US-90, Bay St. Louis.

Or mail a check or money order to "Anything goes" Bay St. Louis Little Theatre, P.O. Box 342 Bay St. Louis, MS. 39520.

Tickets are \$3 per person.

(Photos courtesy of Bay Little Theatre)

BONNIE AND MOONFACE—Pam Griffon shows the upper hand to Moonface Martin (Vic Frankiewicz, Jr.) during "Anything Goes" rehearsal.

BOB CASE

## Necaise recording aired nationally

By WAYNE DUCOMB JR.  
A Lakeshore native recently released his first national recording to some 2,500 radio stations.

Singer Bob Necaise, known professionally as Bob Case, recorded two songs entitled "It's Hard to Walk the Line" and "This Life I'm Living" at studios in Nashville recently.

He is scheduled to perform with the New Orleans Summer Pops July 12-13 at the Municipal Auditorium and plans to make a concert tour. Case also plans to entertain at a New Orleans country music club and is forming a band.

The Lakeshore native has been living in Luling, La. for the past 17 years where he also operates his own contracting company named Case Construction.

He is the son of Mrs. Julian Necaise and the late George Necaise, Sr., both of Lakeshore.

A recent article in a St. Charles Parish newspaper, the "River Parishes Guide" by Sherry Thompson reported, "While this is not the first record Necaise has released, it is the first nationwide ... to some 2,500 radio stations."

The article said Necaise recorded "Mr., Where's Vietnam?" in 1971, "which was released regionally and made number six on the country

charts in New Orleans and is in the Country Music Hall of Fame at WSHO radio."

"The flip-side of this record, incidentally, was also 'This Life I'm Living,' but without the Nashville style it has on the most recent recording," the newspaper report stated.

The Guide story reported, "He currently has two other songs, 'Ralph and Rubenstein' and 'Slow and Easy,' recorded for release in two-three months and is planning another recording session in about three and a half months, with a Johnny Cash song on the list for that session."

Boll-Weevil Producers of Nashville recorded Necaise's recent songs, a studio originally owned by the late country singer Tex Ritter, and now belonging to his son John Ritter of the television show "Three's Company," and J.R. Williams.

Thompson said, "The songs, which have the new Nashville beat are, however, recorded under the name of Bob Case."

"Necaise explained that the recording company tried out the name of Bob Necaise on a few people, who all asked 'Bob Who?'," the article stated.

The Lakeshore native said 'Case' is similar to his real name, but is much easier to remember.

"Necaise, who writes many of his own songs, indicated that an album release is in the

Here in America more and more cooks are discovering what the gourmet chefs of continental Europe have known for a long time - that rice, that dinner table standby of the South, is equally as delicious cold as it is hot - and that cold rice mixes with vegetables, cooked meats or poultry and such to make marvelous salads.

And even better for budget-battling gourmets, cold rice mixes happily with bits and chunks of leftovers in a tasty dressing, is an excellent buffet dish, and improves on standing in the refrigerator all day beforehand, so you can avoid

that last-minute salad-making fluster. What more can you ask?

Some like to "dress" the rice continental French fashion, with vinaigrette (oil and vinegar) sauce; others like to use mayonnaise, still others combine the two.

Ellen Breath's rice salad is one of my special favorites, so here's

**ELLEN'S RICE SALAD SUPREME**  
2 packages Uncle Ben's chicken-flavored rice  
3-4 cup chopped green pepper  
8 green onions, chopped  
16 large stuffed olives, sliced  
2 cans artichoke hearts, drained and quartered  
2-3 cup mayonnaise

Cook rice according to package directions, and cool. Just mix all ingredients together, season to taste, place in lettuce lined bowl, and chill well.

Another version combines a cup of cold cooked rice with a third cup of green peas, a half cup of ham cut in julienne (matchstick-like) strips and half cup of julienned mushrooms, the whole business stirred together with

3 tablespoons of mayonnaise, seasoned to taste.

Some chefs add diced shrimp or crabmeat to the rice salad mixture, others add quartered hard boiled eggs - there's almost no end to the combinations and variations, so try your own version or ours today, and enjoy.

## Holiday boating safety stressed

If this July 4th is like Independence Day celebrations in the past, it will be a time when many boaters and skiers take to the lakes and reservoirs for a day of fun.

Boating specialists with the Department of Wildlife Conservation say it is one of the peak boating periods of the year. They are urging boaters to take a variety of steps to insure it will be a safe and memorable day.

Each boat should have a personal flotation device (life preserver) for each person on board.

Boats should be in good

mechanical condition.

Make sure the craft is not overloaded.

Be careful in fueling the boat.

Don't drink alcoholic beverages if you operate a boat.

Have proper navigation lights if operating a boat after sunset.

According to Department officials, there have been 13 boating fatalities so far in 1980 and 11 boating accidents. In addition there have been another 21 swimming and water-related accidents.

## Distinguished Student Society inducts 34 at North Central

The Society of Distinguished American High School Students recently inducted 34 Hancock, North Central students into that society, according to Principal Thad W. Haskins.

Students awarded this honor include:

Jeffery Michael Bishop; Letitia Jean Buege; Christopher P. Halterlein; Doris Jean Lafontaine; Katherine Violet Patterson; Lana L. Sandidge; Marilyn Ann Asler; Timothy Emmons; Jeffrey Moran; Natalie Necaise; Sharon Necaise; Yvette Lee; Roland Lee; Joy Necaise; Maria Halterlein; Kathy Glass.

Tangela Ladner; Desiree Lilana; Peggy Waldrop; Berndine Necaise; Tammy

Lynn Haas; Kenneth Bell; Clayton Moore; Suzette Necaise; Dawn Ladner; Imelda Ladner; Melinda Ladner; Betsy Arcement; Angela Koenen; Amy Mitchell; Rhonda Seal; Deneen Shaw; Lisa Tullis; Ke Wie Lee.

The Society, one of the nation's foremost high school honoraries, tapped these students because of their demonstrated excellence in scholastic leadership and civic achievement.

Only two percent of all the students in the United States are accepted for membership.

Nominations can only be made through the student's school or church.

The Society's National Awards Program is sponsored

by over ninety colleges and universities throughout the United States. Thousands of dollars in scholarship funds from these institutions are earmarked for Society members each year.

Haskins, the students' sponsor, received a National Appreciation Award from the Society on behalf of the students for the interest shown in honoring and rewarding excellence on the secondary school level.

The purpose of the society is to promote both academic and civic achievement by recognizing students in its Membership Registry, which is published annually and distributed throughout the United States and parts of Europe.

## FEMA director predicts major hurricane

By JOHN W. MACY, JR.

Director

Federal Emergency

Management Agency

The greatest threat of a large number of deaths in the United States I believe to be, not an earthquake, not a swarm of tornadoes, or not even a nuclear plant accident, but a hurricane.

We have the potential for a hurricane claiming 10,000 deaths because few people think that hurricanes pose that kind of threat. That attitude of apathy greatly multiplies the dangers of a hurricane.

The main killer will be the storm surges that accompany hurricanes. Storm surges are giant wind-driven waves that push ahead of a hurricane. The waves, which may be 20 feet or higher, plow inland until tamed by the contour of the land.

More than 6,000 people died when storm tides swept over Galveston Island in 1900. Storm surges caused 350 deaths near New Orleans in 1909; 240 deaths in Florida in 1928; 600 in Long Island and New England in 1938. Hundreds of people died when the storm surge in 1957 from Hurricane Audrey caused flooding in flat Louisiana coastal land as far as 25 miles inland. And the record goes on and on.

Instead of respecting the sea, people by the millions have moved like lemmings in recent years on to the spits of sand we call barrier islands. It is beautiful to live that near the ocean, but it is dangerous to consider your family and your dwelling safe from the wind and waves of a hurricane.

Man has opted in favor of beauty and against prudent building and zoning codes that would recognize the danger of living directly on the ocean.

The populations of some beach areas have increased so fast in the last few years that it is now mathematically impossible to evacuate everyone within a day or so on the few roads that lead inland. If people have only 12 hours to evacuate in the face of a hurricane in some large population centers, it is impossible for everyone to leave by car.

Some of these people may be caught by a hurricane on low, coastal highways, sitting bumper-to-bumper in traffic blocked by downed trees and flooded roads.

It has been suggested that some large coastal cities should plan to evacuate people vertically into high-rise buildings. But there has been little local planning and preparation for such hurricane evacuations.

Sooner or later, the United States will experience a horrible disaster from a hurricane. Thousands of people will die in their beach cottages, in high-rise condominiums with pillars buried in sand, and in their cars on coastal roads.

The denseness of the coastal populations, coupled with people's lack of respect for hurricanes, add up to tragedy. We have ignored the teachings of history.

Historically, coastal-smashing hurricanes occur every one and one half years in Florida; every four years in

New England, North Carolina and Louisiana; every five years in Georgia and South Carolina; every six years in Alabama and Mississippi; every 11 years in New York; and every 16 years in Virginia, Maryland, Delaware and New Jersey. The odds are against man.

Coastal regions are not the only ones threatened. Don't overlook Mother Nature's wrath when it comes to hurricanes causing death and destruction far inland. Some of the nation's greatest disasters were caused by hurricanes that weakened into tropical storms over land.

The storms pick up tons of water while they move over the warm ocean. When they hit the colder land, they dump their loads of water in the form of rain that is sometimes measured in tens of inches.

Hurricanes produce record floods, far from the salt air. For example, Hurricane Agnes caused over 100 deaths and billions of dollars of flood damage in 5,000 square miles of the interior of mid-Atlantic states in 1972.

Whether coastal or inland, communities that have flood hazards and agree to attempt to manage or mitigate their hazards, are eligible to join the National Flood Insurance Program. Under the Federal program, residents and

businesses may purchase flood insurance protection at affordable rates.

If you live in a flood-prone area, consult with your insurance agent or broker about purchasing flood insurance. You'll find that your homeowners insurance policy does not provide flood protection, but that you can purchase a separate policy for flood coverage on a building and its contents. Call your insurance agent or broker to find out the coverage you need, if you don't have a flood insurance policy.

You should hope that you'll never need to collect on your flood insurance policy, but if you need it, it may save you from total financial disaster. The program is administered by the Federal Insurance Administration within the Federal Emergency Management Agency (FEMA).

Just as a family should check on their flood insurance protection at the start of the hurricane season each year on June 1, the family should also consider other protective steps. You need to re-think each year what steps you would take if an evacuation of your area is ordered because of an approaching hurricane.

If your home is in a relatively safe area, a hurricane may require some precautionary steps: check

your household supply of non-perishable food, first aid kit, fire extinguisher, battery-powered radio, flashlights, and extra batteries.

Tips on safety precautions, details on the availability of purchasing flood insurance, and other suggested hurricane preparations are listed in FEMA materials being distributed this summer as part of a hurricane awareness campaign.

A number of communities are conducting local hurricane awareness cam-

paigns with the help of civil defense offices, fire and police departments, insurance agents, civic groups, and governmental agencies. Together, we are attempting to inform and educate the public on the dangers of hurricanes.

While leaflets may help educate people to the threat of hurricanes, I pray that it will not take a disastrous hurricane to break people away from their apathetic attitudes.

### In service

PVT. McQUEEN

Pvt. Kevin D. McQueen, son of Mr. and Mrs. Bobby McQueen, Kiln, Miss., is attending basic training at Fort Leonard Wood, Mo.

During the training, students receive instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions.

SEAMAN ALEXANDER  
Navy Seaman Kirk P. Alexander, son of Phyllis W. and Robert W. Marks Sr. of 106 Elena Court, Bay St. Louis, Miss., has completed recruit training at the Naval Training Center, San Diego.

During the eight-week training cycle, he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's 85 basic occupational fields.

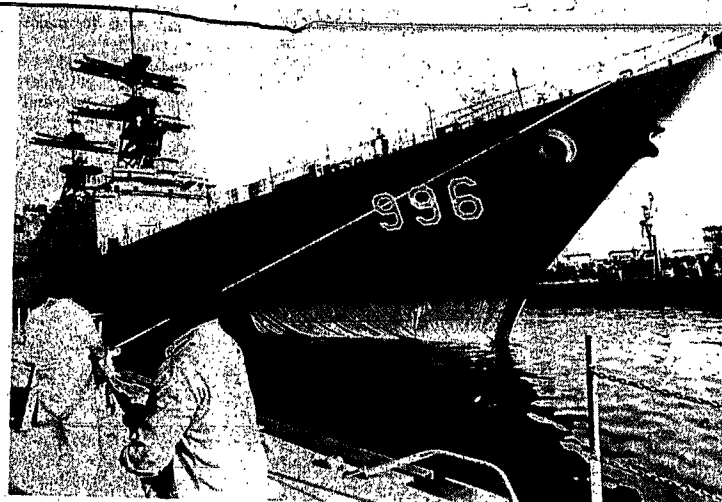

Included in his studies were seamanship, close-door drill, Naval history and first aid.

A 1977 graduate of Bay Senior High School, he joined the Navy in April 1980.

### Brief

"Evening at Pops" begins its traditional summer season on public television with a tribute to Richard Rodgers at 8 p.m., Sunday, July 6, on the Mississippi ETV Network. Academy Award-winning John Williams conducts the Boston Pops full-time, now and, for the premiere program of this season, leads the orchestra in familiar Rodgers selections. Special guests for upcoming programs include Oscar Peterson, Marilyn Horne and Ray Charles.

JOHN G. DEFFES—Pass Christian real estate broker, has received the Gulfport Board of Realtors Silver Award for acquiring in excess of a million dollars in sales during his first year as a member of the board. His experience includes eight years with Diamondhead Corporation as sales consultant until June, 1979 when he and his wife Tricia, a sales associate, were associated with the Pass Christian office of J.C. Ellis & Son, Realtors. As of June 1, the Deffes have opened John Deffes Real Estate, Pass Christian.

GUIDED MISSILE DESTROYER-DDG-996, the final ship in a series of four guided missile destroyers being built for the Navy by Ingalls Shipbuilding Division of Litton Industries in Pascagoula, Miss., floats free in the dock as the ship is launched in preparation for her christening ceremony at Ingalls Saturday. The 563-foot, 8100-ton ship is based on the proven hull, propulsion and auxiliary systems designed by Ingalls for the 31 ships of the modern spruance-class antisubmarine destroyers.

## Commission salary survey lists some 700 state jobs

The Mississippi Employment Security Commission has completed its 1980 salary survey, which presents salary information for almost 700 occupations across the state.

Of occupations common to all responding industries, the survey shows that industrial engineers are the highest paid employees, earning an average of \$9.37 per hour. They are followed by data processing systems analysts earning an average of \$9.08 per hour and accountants earning an average of \$7.71 per hour.

The report says the lowest paid workers, employed in occupations common to all industries, are janitors, who earn an average of \$3.54 per hour. They are followed by security guards earning an average of \$3.91 per hour and receptionists earning an average of \$3.92 hourly.

Not only does the survey outline salaries for occupations common to all industries in the state, but it also gives salary figures for occupations peculiar to each of 34 different industrial groups.

The listings for occupations peculiar to a specific industry show that lawyers employed by companies in the real estate and insurance field in Mississippi earn an average of \$15.77 per hour, placing them at the top of the ladder, salary-wise for all jobs included in the survey. Next on the ladder are financial analysts, who earn an average of \$15.42 per hour, and chemical engineers, who earn an average of \$13.39 per hour.

According to the list of

occupations peculiar to a specific industry, waiters and waitresses are at the opposite end of the salary scale, earning an average of \$2.31 - \$2.51 an hour, excluding their income from tips. Also among the lowest paid workers in the state are laundry folders, who earn an average of \$3.12 per hour, and bellhops, who earn an average of \$3.13 per hour.

"The data presented in the report was compiled on a statewide basis during January and February of this year. Employers were asked to complete forms detailing the number of their employees working in each occupation, the average work week of these employees, and the salary received by the employees. Brief descriptions of the occupations listed were included on the survey forms to aid employers in determining if the selected occupations listed were similar to positions in their firms. In addition to giving average salary figures, the survey also shows salary ranges for each occupation," a security commission spokesman said.

The 1980 MESC salary survey has been released for use by chambers of commerce, industrial development groups, employers, and personnel managers.

"Copies of the survey may be obtained by contacting the nearest local office of the Mississippi Job Service. In addition, specialized individual surveys for a particular group of counties in the state may be available on request through local Job Service Offices," the spokesman added.

## Stanislaus cheerleaders receive summer spirit award

The St. Stanislaus cheerleaders recently returned from the National Cheerleaders Association summer workshop where they received top recognition as the most spirited squad at the camp.

The workshop was held at Mississippi Gulf Coast Junior College in Perkinston, and attracted more than 400 cheerleaders from Mississippi, Louisiana and Alabama.

The St. Stanislaus cheerleaders were selected for this high award by all of the cheerleaders at the workshop on the basis of their unity, friendliness, cooperation, leadership, and sportsmanship to the other squads attending.

The presentation of the Spirit Award came at the completion of a full workshop of training on cheerleading techniques, cheers, chants, jumps, partner stunts and pep rallies; as well as leadership seminars on sportsmanship, crowd participation, responsibilities, organization and dedication.

The St. Stanislaus cheerleaders participating in this clinic were Cynthia Morse, (captain); Linnie Cabell, Hope Chiniche, Carrie Comeaux and Ann Moran.

In addition to the Spirit Award they received all superior ratings, three spirit sticks, recognition as a Super Star Squad, and they were one of four schools nominated for the award of Excellence.

## Coast Mental Health center receives grants

The Mississippi Health Systems Agency, Inc. (MHS) met recently for its monthly meeting. Included on the agenda were twenty-one health care applications from around the state.

Before being presented, these applications go through various review stages from staff review and analysis - to the community level in which the application is located (if a public hearing is called for) - to the designated review committee.

Comments and recommendations from these different review stages are presented to the Board members as part of their deliberation.

Recommended for approval for this area were:

Region XIII - Gulf Coast Community Mental Health

Center, Gulfport; Consultation & Education Grant Renewal - \$175,215; Children and Youth Services Continuation Grant - \$230,845.

### News from the Church of St. Ann

A thought for the day from the library of Father Canisius Hayes, pastor St. Ann's parish-

When the other guy acts nasty...he is ugly. When you do it...it is your nerves.

When he is set in his ways...he is obstinate. When you are set in your ways...you are being firm.

When he does not like your friends...he is prejudiced. When you do not like his...you're showing good judgment.

When he takes his time doing things...he is slow.

When you take yours...you are precise. When he finds flaws...he is picky and cranky.

When you do...you are observant and discriminating. Doesn't this make you stop and think?

Bassett

Friday, July 4 mass will be at 9 a.m. St. Ann's.

The regular monthly meeting St. Ann's Altar Society will be held Monday, July 7 at 7:30 p.m. in the parish hall.

Sunday of each month, phone the rectory in advance; 467-9275.

St. Henry Mission-Saturday at 7:30 p.m.

Sodality of Our Lady of the St. Clare Parish held their monthly meeting on Tuesday, June 24, 2 p.m. in the parish hall. The meeting was opened with a prayer by all members present. Mrs. Ivey Cox prefect conducted the business session.

Plans were discussed for the annual parish fair, Saturday, August 2 and Sunday, August 3. A social hour followed the meeting 33 members present. Plans for the parish fair plant booth are still needed, please deliver what is available to Louis Smolenaky. The next Sodality meeting is Tuesday, July 22, 2 p.m. in parish hall.

#### Auto Association:

### Holiday gasoline supply plentiful

Ample fuel supplies for motorists in Louisiana and Mississippi over the Fourth of July weekend are predicted by the American Automobile Association.

AAA, which gathers statistics from its monthly Fuel Gauge Survey, also reports that no shortages are indicated along major travel routes throughout the United States.

"Last year at this time,"

explained Joe Puglia, public affairs director of AAA's Central Gulf Division, "we were in the middle of the gasoline crisis, with more than 90 percent of the stations contacted closing on nights, weekends and for the holiday."

"This year, in contrast, more than 80 percent of the stations will be open at these times. This indicates good supply of fuel available for

motorists." The price of gasoline continues to stabilize, with Louisiana showing only a 4-cent increase and Mississippi a 1.3-cent increase in the past month. The average cost of a gallon of gasoline in Louisiana is \$1.242 and in Mississippi \$1.311. Last year at this time motorists were paying .89.6 cents a gallon in Louisiana and 92.2 cents in Mississippi. "Another contrast," Puglia

added, "is the cost per gallon increase each month. Last year in the two-state area the price of gas jumped approximately 4.5 cents a month during the summer. The rate of increase this year is nearly one-fourth that of last year."

The survey also reveals that fuel will remain readily available throughout July.

None of the stations contacted in the survey reported being out of fuel and none were limiting sales.

Approximately 23 percent plan to operate on a 24-hour basis in Louisiana and 12.4 percent in Mississippi. Last July, the survey showed no stations operating on a 24-hour basis.

## Black Engineers offering UNO minority orientation

A Summer Minority Engineering Program will be held at the University of New Orleans from 10 a.m. to 4 p.m., July 28 through August 1, for qualified minority high school seniors and recent graduates.

Conducted by the UNO School of Engineering and the UNO chapter of the National Society of Black Engineers, the five-day workshop is designed to introduce participants to various aspects of engineering, particularly the

challenges it presents to minority students.

Enrollment, which is limited to 30 students, will be based on written applications, according to project director, Dr. William Janna, chairman of the UNO department of mechanical engineering. The program is free and participants will receive lunches and textbooks.

The program, which will earn participants college credit in engineering, will include instruction and field

trips involving electrical, civil and mechanical engineering. For information on the

program and application form, call 283-0652 or 821-0906 between 10 a.m. and 2 p.m.

#### Echoes

Mr. and Mrs. Charles Scianna Sr. and daughters Mary Anne and Julie returned Sunday from a visit with their sons and daughters-in-law Mr. and Mrs. Scianna Jr. and daughter Ashley in Pasadena, Tex.; Mr. and Mrs. Stephen Scianna and son Steve in Pearland, Tex., and Mr. and Mrs. Kenneth Scianna and son Shawn in Freer, Tex.

They were accompanied back by their daughter Linda who spent the past five weeks with the Scianna Jr. family.

Mrs. Betty Garcia of Bay St. Louis visited recently with her son and daughter-in-law, Michael and Lynn, in Sugar Land, Texas.

## Governor honors Pass Girl Scouts

Gulf Pine Girl Scouts from Troops 204 and 427 in Pass Christian received Distinguished Service Awards from the Governor's Office of Voluntary Citizen Participation saluted volunteers in a day-long event which began in the Walter Sillers State Office Building.

The award was given for special service from children and youth.

The Girl Scouts received the award for their service to the elderly residents of the Dixie White House in Pass Christian where they work with the "Golden Scouts" Troop. They were accompanied to Jackson by Vondell Fairley, Executive

Director of Gulf Pine Council, and their Leaders Ann Funderburg and Chris Darrell.

The Girl Scouts, in addition to receiving the distinguished Service Award, opened the ceremonies with a Post of Colors. There was one of thirty such awards state-wide. The twenty-six girls toured the capitol, the Governors Mansion and Old Capitol Museum following the ceremonies.

Cecil Smith, Senior Vice-President of Deposit Guaranty National Bank, Jackson was Chairman of the Selections Committee. Ruth D. Wilson presided over the ceremonies.

## Diamondhead fishing rodeo winners told

By RICH ADAMS  
Sports Editor

Tom Berry was named King Fisherman and Cecil Ballard was named his Queen in the Seventh Annual Diamondhead Deep Sea Fishing Rodeo Sunday.

Berry also won the top prize

in the 'Largest Fish' category by pulling in a 275 pound shark, according to J.C. Koenenn of the Diamondhead Marina.

Koenenn said several hundred fishermen registered for the annual contest, adding several prizes

including rods and reels, tackle boxes, and ice chests were awarded to first and second place winners.

In the saltwater divisions, winners were:

**BLUEFISH:**

First place—David Hector, one pound, six ounces.

**BONITA:**

First place—Beth Michael, 11 pounds, 13 ounces; second place—Mary Michael, 11 pounds, six ounces.

**CROAKER:**

First place—Barry Hill, one pound, 11 ounces; second place—Bessie Braud, one pound.

**DRUM:**

First place—Don Harvill, 33 pounds; second place—Dave Harvill, 29 pounds.

**FLOUNDER:**

First place—Don Harvill, two pounds, seven ounces; second place—Tom Berry, one pound, 12 ounces.

**GAFFTOP CATFISH:**

First place—John Linder, four pounds, four ounces; second place—Larry Satchfield, one pound, eleven ounces.

**GAR FISH:**

First place—Jack Tibbler, 56 pounds; second place—Rich Stringer, 14 pounds.

**GROUND MULLET:**

First place—Tom Berry, one pound; second place—Cal Fulwiler, one pound.

**JACK CREVAILLE:**

First place—Holcomb Hector, 30 pounds; second place—Beth Michael, 24 pounds, eight ounces.

**KING MACKREL:**

First place—Dick Nolan, 12 pounds, nine ounces.

**LEMON FISH:**

First place—Beth Michael, four pounds.

**REDFISH:**

First place—Larry Satchfield, 25 pounds; second

place—Travis Lott, 21 pounds.

**RED SNAPPER:**

First place—Tom Berry, 13 pounds, 11.5 ounces; second place—Cal Fulwiler, two

pounds, three ounces.

**SPANISH MACKREL:**

First place—Holcomb Hector, three pounds; second place—David Hector, two

pounds, 10 ounces.

**SPECKLED TROUT:**

First place—David Hector, four pounds, 13 ounces; second place—Cecil Ballard, two pounds, 10 ounces.

**SHARK:**

First place—Cal Fulwiler, 67 pounds; second place—Betsy Nolan, 47 pounds.

**WHITE TROUT:**

First place—Tom Berry, two pounds, six ounces; second place—Cal Fulwiler, two pounds, four ounces.

**LARGEST FISH:**

First place—Tom Berry, a 275 pound shark.

Winners in the freshwater divisions are:

**BLUEGILL PERCH:**

First place—C.L. Faye, 12 ounces; second place—Larry Satchfield, seven ounces.

**CATFISH:**

First place—Wade Koenenn, eight pounds, 12 ounces.

**GREEN BASS:**

First place—Wayne Blackwell, five pounds, 14 ounces; second place—Larry Satchfield, four pounds, three ounces.

**SHELLCRACKER PERCH:**

First place—Wade Koenenn, nine ounces; second place—Travis Lott, nine ounces.

**CRAPPIE:**

First place—Wade Koenenn, 14.5 ounces.

This year's rodeo was under the direction of Nel Shipstore. The official weighmaster was John Cook.

## Housewife plays men's softball

By CATHERINE LIZANA

A 24-year-old Bay St. Louis housewife is breaking barriers

this year and is making local history as the first female to

play ball in the local Men's Softball League.

Darlene Collins joined the 'Over-The-Hill-Gang' softball

team this summer and has played in five games as a

catcher.

"It is something I always wanted to do. I like competition, and here in the league competition is rough and hard," Collins said.

"I find that exciting," she added.

The other teams participating in the league with the Over-The-Hill-Gang have

generally expressed a 'so what' attitude about Collins'

appearance in the Gang's lineup.

Those all-male teams in the league include Ollies Big Red Machine and Big Five, both of Bay St. Louis, and St. Stephens of Pass Christian.

Nick Saucier, one of Collins' teammates, said he feels more

women should break the barrier and participate in the league.

"The women play good ball. It is their right to play with a league," Saucier said.

Although Collins is not a home run hitter, she usually averages a base hit when she stands in front of the plate.

"I also help boost the morale of the men on the team and encourage their winning instinct," Collins said.

DARLENE COLLINS

## Ladies' tennis tourney slated

Young ladies and women of junior high school age and up

are invited to participate in a Women's Double Tennis

Tournament Monday and Tuesday at the St. Stanislaus

High School courts in Bay St. Louis.

Proceeds from the event will go toward support of

tennis programs at SSC and Our Lady's Academy, according to Brother Pascal, tournament coordinator.

Play will begin at 10 a.m. each day.

Entry fee is \$5 and each participant must supply one can of balls, Brother Pascal reported.

## Rodeo scheduled here July 4, 5

By RICH ADAMS

Sports Editor

A rodeo sponsored by the Hancock County Fair

Association and the Hancock County Cattlemen's

Association will be conducted Friday and Saturday at the

fairgrounds on Longfellow Road in Bay St. Louis.

Showtime each night is at 8 p.m., and admission is \$3 for

adults and \$1.50 for children 12 and under, according to

County Agent John Smith.

Events at the rodeo include bareback riding, bull riding,

little britches bull riding, team roping, steer wrestling,

and girls' barrel racing, according to Smith.

The event is produced by Miller and Harrel Radio

Company in Poplarville.

## New bass club meets tonight

A recently organized bass club, the Bay Bass Busters,

will conduct a meeting at 7 p.m. tonight at the Gulf

National Bank Civic Room in Bay St. Louis.

The club is an affiliated chapter of the National Bass

Anglers Sportsman Society (BASS) and is open to any

interested bass fishermen who desire to attend, according to

local chapter President Ron Kozak.

Regular monthly meetings are conducted the first

Thursday of each month and monthly tournaments are held

on the Saturday following the meeting, Kozak explained.

Other local officers are Ed Herndon, vice-president, and

Secretary-Treasurer, Danny Howard.

The Bay Bass Busters are one of 1,400 affiliated chapters

of the over 300,000 member national fishing

organization headquartered in Montgomery, Ala.

Besides an interest in

improving anglers' bass fishing skills, the Society has

acted to improve and protect the sport of fishing," Kozak

explained.

"Since its founding in early 1963, BASS has become the

watchdog of the waterways for sports fishermen," he

continued.

"Recently the Society spearheaded a national effort

of curbing the practice of charging fees at U.S. Army

Corps of Engineers reservoirs across the country. The

national BASS and its affiliated members rallied

support for legislation by Congress to prohibit the

collection of use fees from Corps recreation sites at lakes

and other waterways," Kozak added.

"BASS' organization of 36 state federations has

strengthened the Society's ability to respond to threats

of problems of pollution at the state level," Kozak stated.

LOOK AT THESE FISH-Daniel Harvill of Waveland proudly displays his catch of bluegill perch he caught during the Diamondhead Fishing Rodeo Sunday. In the photo below, he discovers that getting up early in the morning can catch up

with a person as he naps while waiting for the weighmaster to announce the winners. He is the son of James Harvill Jr. of Longo Street. (Staff photo-Ellis Cuevas)

# 10-1 record leads league

## OLG stops First Baptist, 16-15

By Randy Ponder  
The OLG men's softball team defeated a tough First Baptist squad 16-15 in a dramatic come from behind game played Monday night at Tiger Field in Bay St. Louis.

The potential tying run was on base when the final out was recorded, in what may well have been a preview of the church league championship game.

OLG, playing one man short for most of the first inning, jumped off to a quick three run lead.

With two men out, Mike Benvenuti walked and then Jody Benvenuti followed with a solid single to left, putting runners on 1st and 3rd. David Wiggins then slammed a home run over the outfielders heads to bring the runners around.

First Baptist bounced right back, scoring nine runs in their half of the first inning. John Bolin singled to start things off, and Lester Grey followed with a two run homer. Sam Wilbourn reached second with a double as did Mickey Reed, driving home Wilbourn to tie the game.

Lamar Crosby got on with a single, sending Reed home from second. Robby Boyd then singled and Davey Smith drove in two more runs with a triple to left field. Smith

### CHURCH LEAGUE SOFTBALL STANDINGS

|                    | WINS | LOSSES |
|--------------------|------|--------|
| OLG                | 10   | 1      |
| METHODIST          | 9    | 2      |
| FIRST BAPTIST      | 8    | 2      |
| OLG-CYO            | 5    | 6      |
| FIRST PRESBYTERIAN | 3    | 7      |
| CHRIST EPISCOPAL   | 1    | 7      |
| FIRST ASSEMBLY     | 0    | 9      |

scored on Bob White's single up the middle. Woody Pierce also reached base on a single and both he and White later came around to score, making it 9-3 for the Baptists.

Neither team could push across any runs in the second or third, although the Baptist team threatened in both.

In the fourth, OLG rallied to take the lead they would never lose. Mike Gibbens lead off with a single, followed by Mike Benvenuti who also singled. Gibbens scored on Jody Benvenuti's base hit.

David Wiggins then delivered with a solid base hit to drive in two more runs. Pat Gibbens singled, moving Wiggins to third. David scored on Wade Stevens' sacrifice fly to center field.

Chuck Benvenuti punched a

single to left field and Tom Flynn followed with a RBI single over the first baseman's head. Ed Flynn reached first to load the bases for Mike Gibbens. Mike connected for a three run triple, and later scored on Norman Cowand's base hit.

At this point in time, the game had completely turned around. Instead of leading 9-3, First Baptist found themselves trailing 12-9.

OLG added to their lead in the top of the sixth on Pat Gibbens three run homer. Jody Benvenuti and David Wiggins were on base when Pat played long ball.

In the bottom of the sixth, Jerry Spell scored for the Baptists to cut the lead to 16-10.

Norman Cowand rounded out the scoring for OLG with a solo home run in the seventh. First Baptist scored five times in the seventh, including Sam Wilbourn's two run homer, but came up short by one run.

Results of the other games played Monday night are: First Presbyterian 10, First Assembly 10; and Methodist 12, OLG-CYO 8.

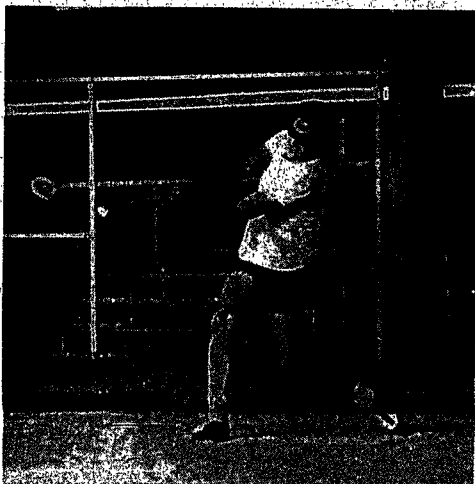

Results of games played June 27 are: OLG-CYO 7, Christ Episcopal 0, and Methodist 7, First Presbyterian 0.

**COLLISION AT HOME**—Ed Flynn hits the deck after running into First Baptist catcher Dave Harvill, following Mike Gibbens triple. Flynn was unhurt as he scored the hard way. Backing up the play for First Baptist are: Sam Wilbourn at left and Mickey Reed. Chuck Benvenuti is signaling Gibbens to hold up at third.

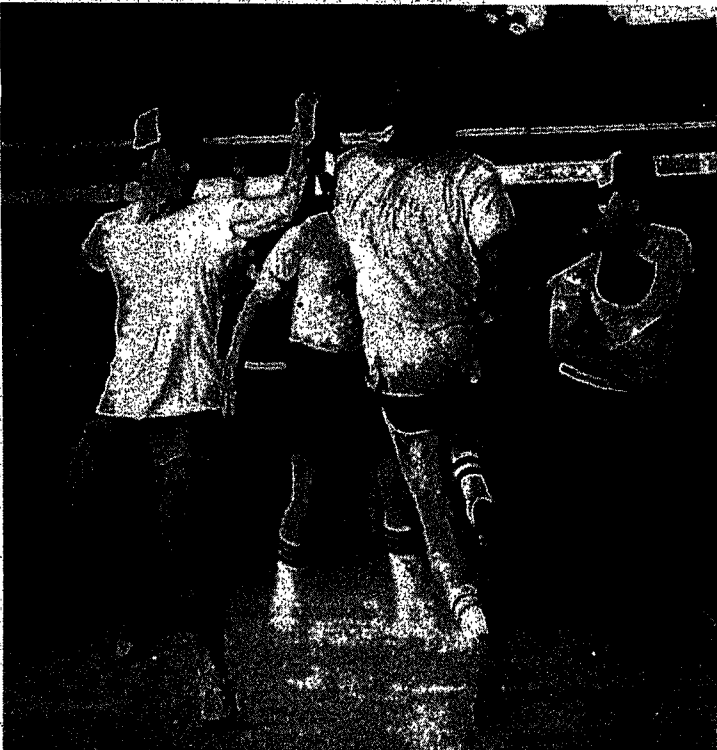

**SAFE AT SECOND**—Mike Gibbens of OLG beats the tag of second baseman John Bolin of First Baptist.

**LINE DRIVE**—Mickey Reed of First Baptist hits a sharp line drive which, unfortunately for him, was right at OLG first baseman Jody Benvenuti.

**OH NO, NOT AGAIN!** — First Baptist catcher Dave Harvill is about to be involved in yet another collision at home plate. This time the runner is Norman Cowand.

**PINCH RUNNER** Wade Stevens is apparently about to be tagged out by Dave Harvill, of First Baptist as he tries to score. However, the ball got away from Dave as Stevens chalked up another run for OLG.

**WHAT A CUT!** Jody Benvenuti swings a mean bat against First Baptist Monday night. Jody collected four hits in five trips to the plate. Catcher Dave Harvill and umpire Ernie Almsworth watch the action.

## At Oak Downs

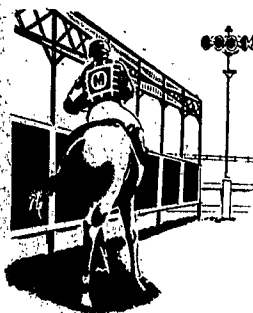

### Waveland race horse remains unbeaten

Special to The Sea Coast Echo  
PEARL RIVER, La. - Many of the same faces showed up Sunday for the reopening of Oak Downs, closed since 1976. And returning to the Winner's circle was Waveland's James Watson, whose Rocky Hill Bailey continued to be a terror in match races.

Rocky Hill Bailey stormed to a time of 18.33 seconds over 350 yards in turning back Jessie Beauty in the afternoon's last race.

The Watson-owned horse, which also runs at Hancock County's Rocky Hill Downs near Kila, is undefeated in match races.

The track's reopening drew enthusiasts from Louisiana, Mississippi, Alabama and Florida.

Jeff Peterman, an 11-year-old jockey from Gulfport took individual honors by winning five races. Fourteen-year-old Jo Ann Boatwright struck a blow for the ladies by riding three mounts to victory.

Races are held every Sunday with a post time of 1 p.m.

On hand for the reopening were many Hancock County race horse owners and trainers, including Larry Favre, Buck Cuevas, Donald Cuevas, Bobby Patton, Arthur Jacquillard and James and Judy Watson.

Results of the first week of the 1980 Oak Downs meet:

1/4 mile, Stormy Landing, 38.0 seconds, Eddie Guste, owner and trainer; Sterling Cornu, jockey. Rusty Bar, second; Stump Jumper, third, Sir Clint, fourth;

1/2 mile, Peter Rabbit, 37.6, Bobby Palette, owner; Ed Cooper, trainer; Mike Keller, jockey. The Dancer, second;

300 yards, Jet Oh Lina, 16.4, Donice Thompson, owner and trainer; Mike Keller, jockey. Watch Mama go, second; Ultra Royal, third, Turn on the Gas and Little Bit, also ran;

1/2 mile, Crazy Behavior, 38.2, Junior Rester, owner; Jonnie Ladner, trainer; JoAnn Boatwright, jockey. Terry's Prince, second; Over Bizarre, third;

330 yards, Honey Bee, 17.6, Cindy Malone, owner; Thomas Malone, trainer; Ray Robbins, jockey. Fast Home Run, second;

300 yards, Kavin, 16.3, Joe Prime, owner; Reo Burns, trainer; JoAnn Boatwright, jockey. Cuttin' Up, second; Go nig Go, third;

250 yards, Omega Diana, 14.0, John Paul Amacker, owner; Greg Amacker, trainer; Jeff Peterman, jockey. Go Mama Go, second;

400 yards, April Dean, 21.0, John Paul Amacker, owner; Greg Amacker, trainer; Jeff Peterman, jockey. Goodnight Omega, second;

440 yards, Race canceled after one horse had trouble at the gate. Some Kinda' Bad and Super Splash then took individual workouts;

1/4 mile, Donnie D., 38.3, Edmond Malley, owner; Clark Malley, trainer; JoAnn Boatwright, jockey. Michael Laub, second;

300 yards, Illustrious Potentate, 16.55, Buddy Odom, owner and trainer; Marty Comfort, jockey. Okie Golite, second;

300 yards, Thomas P. Bailey, 16.3, Tommy Peterman, owner and trainer; Jeff Peterman, jockey. Omega's Cookie, second; Dave, third. On Reputation and Boudreaux Bailey, also ran;

350 yards, Rabbit, no time, Jerry Johnson, owner; Reginald Ladner, trainer; Jeff Peterman, jockey. Venetian Breeze, second;

350 yards, Rocky Hill Bailey, 18.33, James Watson, owner and trainer; Jeff Peterman, jockey. Jessie Beauty, second.

Matthews. Rich Leyser was runner-up and Sy Crochet won consolation play.

Seventh flight winner was L.D. Conn, followed by runner-up Johnny Carter and Pat Farrelly in consolation slot.

The eighth flight winner was Omer DeBeyer. Runner-up was Bob Hamilton and consolation winner was Woody Furr.

The winner over the ladies' field was Ellie Dantoni and a tie for men's field winner went to Vernon Watts and Gene Burke.

More than 90 golfers were involved in the championship tournament, the spokesman said.

Sixth flight champion was Ed Matthews.

## Preble, Garrett PCI golf medalists

By RICH ADAMS

Sports Editor

Janice Preble, winner of last month's Pass Christian Isles Invitational Tournament, captured the medalist and championship flight in the ladies' division of the Annual PCI Championship match this week in Pass Christian.

In the mens' division, Maynard Garrett was medalist and Roy Capéhart won the championship flight.

A junior championship event was slated but was rained out and will be played at a later date, according to a club spokesman.

Runner-up in the ladies' championship division was Doris Merritt. The consolation

prize went to Mamie Calmes.

In first flight play, Wulodine Lutze was the winner, followed by Joe DeBever in the runner-up slot and Pat Randall in the consolation position.

Taking top honors in the second flight was Cherry Pugh. Runner-up was Char Hanson and Mary Shell won the consolation award.

In the championship flight for mens' play, John Genin followed Capéhart in the runner-up position, followed by Dick Merritt in consolation slot.

First flight winner was David Ward, followed by runner-up Harold Danford and Sonny Watts in the consolation position.

Vern Eleam won the second

flight competition. Runner up was Tom Rogers Jr., and consolation winner was Jack Pritchard.

Frank Schuffert captured top slot in the third flight, followed by Aston Villars as runner-up and Bobby Purchner as consolation winner.

Marvin Barksdale won fourth flight, followed by runner-up Wes Randall and consolation winner Ray Meece.

Fifth flight winner was Drew Rabelais, followed by Sidney Pugh as runner up and consolation winner Kelly Bartman.

Sixth flight champion was Ed Matthews.

## FISHIN' TIPS

from...Tom Mann

FROM THE MAIL BAG

HOWDY TOM: "Every time I go fishing I get a headache. My wife says it's because my fishing hat is too tight. Well, every one I buy gets rained on and shrinks, that's why. What to do? And don't say 'Take an aspirin.' SORREHEAD."

HELLO SORREY: You know, I had that same problem until my childbride, Ann, suggested I buy my hats a size larger and run them through her washer and dryer. I betcha this will stop your headaches and the shrinking.

DEAR TOM MANN: "My buddy says you said you can fly fish a topwater lure. Is he pulling my leg?" ARKY.

HELLO ARKY: Nope, it can be done and it's deadly for shoreline goodies.

structure, lily pads, and weed patches. You strip off the amount of line required to reach a certain spot, then just flip the plug toward the spot and let the line slide through your fingers. With a fly rod you can make a surface lure do more tricks than a monkey with a hot potato!

HEY TOM: "Why do bass fishermen leave the dock and run an hour before they start fishing?" STUMPED.

HELLO STUMPY: They think the fishing's better way over there. I frequently begin right where I put in my boat because it's a spot so few fishermen use. A really good spot is on a dock where all the fish are cleaned. Catfish, especially, hang around to slurp up the goodies.

## Youth tennis clinic offered at Jeff Davis

Gulf Coast Junior College will offer tennis classes for 10-14-year-olds at the Jefferson Davis Campus in Gulfport.

Sam Kirsch, continuing education coordinator, said

classes will meet for five Saturdays from 8 a.m. to 10 a.m., beginning July 12 and ending Saturday, August 9. Registration is Monday through Friday from 1 p.m. to 3 p.m. at the office of continuing education.

Kirsch said registration can be phoned in by calling the office at 896-3355, Ext. 78.

"There is a limit of 20 students and instruction will be the basic techniques of tennis," he said. "Students must supply their own equipment. Deadline for registration is Friday, July 11."

For more information, contact Kirsch at the continuing education office.

# SPORTS

Do you like seafood cocktails but can't afford them because of high prices at the grocery?

Don't despair; make your own delicious chilled fish delicacy, prepared with fish you can catch this weekend.

Panfish, usually sunfish and crappie, are available in great numbers in most warm, fresh-water bodies of water.

They're easy to catch, easy to clean, and can be prepared for the table in a variety of ways.

One of the most unusual is a method discovered by Mercury outboards' outdoor recreation department which turns ordinary fish into a delicacy.

Here's how it's done: Filleting is a good way to prepare panfish for eating as it rids them of most bones. Cut just behind the gills toward the tail, leaving the backbone.

Remove meat from the skin. Trim off and discard the rib

## PANFISH COCKTAIL

cage. Dry the meat with a paper towel and keep it cold until ready to cook. Don't freeze fish to be used for panfish cocktail.

To prepare, salt the meat and place some in a wire basket. Don't pack meat thickly.

Suspend the basket over boiling water and steam the meat until it has turned creamy white yet is still firm.

Don't immerse in water, or allow it to steam until mushy.

After steaming, chill fish in a refrigerator for several hours, then serve over cracked ice.

Make your own sauce by blending the following ingredients:

- 1 - 4 oz. can tomato paste
- 1 Tablespoon vinegar
- 1 Tablespoon horseradish
- 1/2 teaspoon salt
- 1/2 teaspoon fresh-ground black pepper
- 1/2 teaspoon cayenne (or hot pepper sauce to taste)

## BOATING SAFETY TIP

Boating at night can be fun and it's sometimes necessary.

The Committee for National safe Boating reminds nocturnal skippers to reduce speed and keep a sharp lookout.

Shoals and other fixed obstacles can be dangerous, but to can moving ones - like a string of barges with a light in front, a light in back and 600 feet of darkness

in between. Remember, Safe Boating is No Accident.

GIRLS 14 THRU 24, COME IN AND SIGN UP FOR 'MELODY LANE'S' 1980 SERIES OF 'MODELING CLASSES'. There is no charge.

Mothers welcome, classes will be once a week Thurs. nights. Students may earn a modeling certificate; those with a perfect attendance may draw for a free vacation for two in Los Vegas and receive a discount on fashions purchased. See map on page 605 in telephone directory; applications accepted now!

### Area women attend confab at Southern

Mrs. Kinta K. Maloney and Mrs. Roma L. Smith, both of Bay St. Louis, participated in a Symposium in Child Development held recently at the University of Southern Mississippi.

Mrs. Maloney is director and Mrs. Smith a teacher aide at the Hancock County Child Development Center.

The Symposium was designed to offer practical and useful suggestions for teaching the young child under six years of age with attention being given to the selection of appropriate activities and the methods and resources useful in teaching.

Mrs. Lynell B. Rogers, assistant professor in the Department of Family Life Services in the School of Home Economics, directed the workshop.

### Echoes

Norma Garcia is vacationing in Carenco, La. with her sister and brother-in-law, Ronnie and Mary Guilbeau.

Mr. and Mrs. Edmond Blaise had as weekend guests their daughter Mrs. Louis Naman and children Edmond, Helen, Andrea, Marcia and Regina and their son and daughter-in-law Mr. and Mrs. Glenn Blaise and children Michelle, Angelle and Cory, all of Mobile, Ala.

**30TH SHIP DELIVERED** — Ten years ago, in June 1970, Ingalls Shipbuilding signed a contract to design and build a modern destroyer fleet of 30 ships, the largest shipbuilding contract in the history of the Navy. On Monday, June 16, the final ship in that series was officially delivered to the Navy. At the peak of the production schedule, Ingalls was turning out destroyers at a sustained rate of one every six weeks, and has averaged a delivery of seven sophisticated destroyers a year for the past four years, in addition to the delivery of other ships. Over the two-year period of 1978-1979, Ingalls delivered 17 ships to the Navy, more than two-thirds of the total number of sophisticated combat ships delivered during the same period from all the shipyards in the country. Accepting the ship for the Navy, at right, is Rear Admiral William C. Wyatt, Supervisor of Shipbuilding, Pascagoula, while Commander Steven C. Saubier, prospective commanding officer of the 30th ship, USS Fletcher (DD-972), witnesses the signature. Representing Ingalls Shipbuilding are Len Erb, second from left, Senior Vice President of Litton Industries and President of Ingalls, and George M. Nall, an Ingalls shipfitter who worked on all 30 ships and represented the entire Ingalls workforce at the ceremony. (Photo courtesy of Ingalls Shipbuilding)

### Area students receive Ole Miss degrees

Area students were among 1,157 students receiving degrees following the Spring semester at Ole Miss. Of those degrees, 224 were advanced degrees, including 120 masters, 13 doctoral, 88 juris doctor and three specialist degrees.

The list includes:

From Bay Saint Louis: Allen Treutel, Jr., Bachelor of Business Administration, Cum Laude; and Janet Lee Hamilton, Bachelor of Business Administration.

From Pass Christian: Waldon Alexander Dedeaux, Bachelor of Public Administration, Cum Laude.

From Waveland: Keith Joseph Aubert, Bachelor of Science in Chemical Engineering; and Robert Winston Wyatt, III, Bachelor of Science in Pharmacy.

# Poetry gives soul a glimpse of eternal things

Back around 1900, there was a little newsboy in Knoxville, Tennessee who loved poetry.

To him poetry meant music and ideas. It sang to him, it spoke to him and particularly, it inspired him.

This boy's name was Adolph S. Ochs, who became editor and publisher of what is probably the world's greatest newspaper, the New York Times. Throughout his life, Mr. Ochs loved poetry. He was responsible for the selection of the poems collected under the title BEST LOVED POEMS OF THE AMERICAN PEOPLE.

These are the poems that people wrote in about, wanted to get copies of, or asked to be published. "Fellowship" is the title of one of these best loved poems by an unknown author.

When a feller hasn't got a cent

And is feelin' kind of blue,  
And the clouds hang thick and dark  
And won't let the sunshine through,  
It's a great thing, oh my brethren,  
For a feller just to lay  
His hand upon your shoulder  
In a friendly sort of way.

It makes a man feel queerish,  
It makes the teardrops start.

And you kind of feel a flutter  
In the region of your heart.  
You can't look up and meet his eye,  
You don't know what to say  
When a hand is on your shoulder  
In a friendly sort of

Oh this world is a curious compound  
With its honey and its gall,  
Its cares and bitter crosses -  
But a good world after all.  
And a good God must have made it.

Leastwise that is what I say,  
When a hand is on your shoulder  
In a friendly sort of way.  
Books of poetry are popular sellers in the book stores of the country. The world needs poetry because of its inspiration and its vitalizing strength.

Poetry has nearly everything that music can give - melody, rhythm, sentiment - but it has this advantage; it comes closer to the heart, like for instance, this poem by Berton Braley:

**LOYALTY**  
He may be six kinds of a liar,  
He may be ten kinds of a fool,  
He may be a wicked high flyer  
Beyond any reason or rule;  
There may be a shadow above him  
Of ruin, and woes to impend,  
And I may not respect, but I love him,  
Because - well, because he's my friend.

I know he has faults by the billion,  
But his faults are a portion of him;  
I know that his record's vermillion,  
And he's far from the sweet seraphim;  
But he's always been square with yours truly,  
Ready to give or to lend,  
And if he is wild and unruly,  
I like him - because he's my friend.

I criticize him but I do it  
In just a frank, comradely key.

And back-biting gossips will rue it  
If ever they knock him to me;

I never make diagrams of him,  
No maps of his soul have I penned;

I don't analyze him - I just love him,  
Because - well, because he's my friend.

Poetry satisfies a hunger for beauty that is part of every normal person's make-up.

"THE BRIDGE BUILDER" is one of the most beautiful poems I have ever read. It was

written by William Allen Dromgoole a long time ago:

He, too, must cross in the twilight dim;  
Good friend, I am building the bridge for HIM."

Poetry stirs wholesome emotions and gives your soul a glimpse at what is probably a preview of eternal things.

Poetry entertains, it inspires and in time of need it comforts those who need comfort.

If your heart is touched and tender  
Toward a sinner, lost and  
It might help him to do better  
If you'd only tell him so.

Poetry is the magic carpet on which we ride back to childhood days. Poetry says more and says it in fewer words. Carlyle called poetry musical thought.

An old man, going a lone highway  
Came at the evening, cold and gray  
To a chasm, vast and deep and wide,  
Through which was flowing a sullen tide.

The old man crossed in the twilight dim -  
That sullen stream had no fears for him;  
But he turned when he reached the other side,  
And built a bridge to span the tide.

"Old man," said a fellow pilgrim near,  
"You are wasting strength in building here.  
Your journey will end with the ending day;  
You never again must pass this way."

You have crossed the chasm, deep and wide.  
Why build you the bridge at grey head?

The builder lifted his old grey head.  
"Good friend, in the path I have come," he said,  
There followeth after me today  
A youth whose feet must pass this way.

This chasm that has been naught to me  
To that fair-haired youth may a pitfall be.

## Diamondhead News

BY WATSON AND LITTLE

Dorothea and John Christensen had as their guest for the Rodeo weekend his two brothers Bert and wife Dawn of Ft. Worth, Walter and Sue of New Orleans.

Helen and Howard Mitchell enjoyed having their daughter Susan and husband John Shoemaker of McComb, Ill. with them for a few days.

They were amazed at all the new homes that have gone up since their last visit more than a year ago.

Connie and Scott Warfield were delighted to have their daughter and son-in-law Carol and Skip Bowden of Cleveland, Ms. play with them in the recent Member-Guest golf tourney.

The Clark brothers also journeyed down from the Delta to play in the Member-Guest - Roy and his wife Pat, Talmadge and his wife, Fronie.

Jeanette and Gene Fedric are also here from the Delta with their grandchildren enjoying their home.

Sara Sandridge celebrated her birthday this week - I hear

**SSGT. D.M. MUELLER**

David M. Mueller, son of Mr. and Mrs. Richard P. Mueller, 203 McClung St., Pass Christian, recently was promoted to Army staff sergeant while assigned to the 11th Field Artillery at Schofield Barracks, Hawaii.

The appointing orders for this promotion stated: "The Secretary of the Army has placed special trust and confidence in this soldier's patriotism, valor, fidelity and abilities."

The problem was based upon these qualities and the demonstrated potential for increased responsibilities.

Mueller's wife, Norma, is with him in Hawaii.

**PVT. ALEXANDER SEAMAN ALEXANDER**

Private First Class Lisa Lynn Alexander is currently undergoing National Guard basic training at Ft. McClellan, Ala. She will graduate July 30 as a member of the precision drill team.

She will be a senior at Bay High this Fall.

Her brother, Seaman Kirk Phillip Alexander, recently graduated from U.S. Naval Basic Training at San Diego, Calif. He was disappointed staff division adjutant. He is attending submarine school in New London, Conn. Kirk is a 1977 graduate of Bay High.

Both trainees are the children of Mr. and Mrs. Robert W. Marks Sr. of Bay St. Louis.

## Diamondhead man named Pioneer Vice-president

The Telephone Pioneers of America Gulf Sands Life Member Club installed Jack Taylor of Gulfport as president at a recent luncheon meeting held at the Pass Christian Yacht Club.

Taylor, of Gulfport is a 34 year veteran with South Central Bell Telephone Company. He succeeds Mary "Tut" Abbley of Pass Christian.

Eleanor McGee of Gulfport was elected vice-president of the organization succeeding Taylor in that office.

Edna Tones of North Biloxi succeeds Jeanette Johnson of Long Beach as secretary. Elected as members at large were Colle Tones and D.G. Swartwout of Biloxi.

The Gulf Sands Life Member Club is composed of retired South Central Bell and affiliate company employees and is a part of the Gulf Coast Council.

The Gulf Coast Council.

Telephone Pioneers of America, have installed their new officers also. They are president, Jane Watts of Ocean Springs. She replaces Charlotte Byrd of Ocean Springs.

Vice-president is James Sexton of Diamondhead who replaces Jane Watts in that office.

Secretary-treasurer, Wanda White of Biloxi returns for another term.

Members at large elected were Gerry Bishop, of Pass Christian, Gene Allen of West Taylor Road in Hattiesburg and

Jim Parker of John Clark Road in Northwood Hills area.

The Pioneers organization is the largest social-industrial association in the world. It has 519,000 members throughout the United States and Canada.

Its members all have 18 years or more of service in the telephone industry and they engage in hundreds of programs to aid physically, socially and emotionally handicapped persons as well as promote fellowship and loyalty among telephone people.

### JSU schedules second Summer registration

**SUMMER SESSION** Jackson State University will conduct undergraduate registration for the Second Summer session on Monday, July 7, beginning at 9 a.m.

Continuing students will register in Dansby Hall Auditorium, readmitted and transfer students will register in room 109 of the classroom complex, and beginning freshmen will report to room 112 of the classroom complex.

**STUDENT AWARD** Clark Shull of Pass Christian recently received an award as yearbook co-editor at recent award ceremonies at Gulf Coast Junior College in Perkinston.

## Fourth of July auto travel tips offered

Families preparing to travel over the Fourth of July weekend or on summer vacation should keep several safety and car maintenance tips in mind, advises the American Automobile Association.

Prior to departure, travelers should have their cars checked by a mechanic to make sure it's in shape to take the heat. Some of the areas which should be checked are:

**TIRES**—Make sure each tire, including the spare, has at least 1-16 of an inch of tread on it and that the tires are worn evenly. (Uneven wear may mean that the car needs a front-end alignment, the wheels need balancing, or the tires themselves are faulty).

**OIL**—Have the right type of oil put into your car for summer driving. Look in your owner's manual for the specific type and weight your car requires.

**COOLANT**—Have your mechanic put in a 50-50 mixture of water and antifreeze to slow down radiator corrosion and prevent your car from overheating. Make sure the antifreeze is the type that can protect your engine from freezing in temperatures as low as -20 degrees Fahrenheit. This will help your engine remain cool this summer.

**BATTERY**—Have the battery's state of charge checked and be sure to have corrosion cleaned from the battery posts, cable clamps, cables, and the top of the battery.

**AIR CONDITIONING**—Even if you think your air conditioning system is running

the way it should, you still may want to have your mechanic check that the belts are properly tensioned and that they are not cracked, frayed, or brittle. If you have doubts about your air conditioner's performance, you should have its refrigerant inspected.

**BRAKES**—Be sure to have your brakes checked thoroughly. This includes: brake linings, pads, drums, fluid level, and wheel and master cylinders.

**LEAKS**—The winter weather may have caused your car to spring some leaks. Have all the systems—cooling, oil, transmission, brakes, etc.—checked for drips and wet spots.

**LUBRICATION**—If you have not had your wheel bearings checked recently, tell your mechanic to inspect them and, if necessary, clean and repack them. Also look at your car's maintenance schedule to see if it's time for an overall lube job.

**HOSES**—Have all radiator and heater hoses examined for cracks and brittleness. Even the tiniest hole can result in overheating.

**TRANSMISSION**—Have the fluid levels in the trans-

mission, differential, and any power-operated units checked and topped off, if necessary.

**WINDSHIELD WIPERS**—Have worn wipers replaced and make sure there is enough windshield cleaning fluid.

**TUNE-UP**—Be sure your mechanic checks the carburetor, points, plugs, condenser, distributor, dwell, timing, and the air-to-fuel ratio and makes the necessary adjustments or replacements.

**EXHAUST SYSTEM**—Your mechanic should check the exhaust system thoroughly. Leaks in this system can be dangerous, so don't take any chances. If holes or badly rusted areas are found, have the necessary parts replaced.

**FILTERS**—Make sure your mechanic checks the fuel, oil, and air filters. Have them cleaned or replaced as needed.

"The most overlooked items are the jack and the spare tire," explained Joe Puglia, public affairs director for AAA's Central Gulf Division. "It's important to see that the jack is in working order and that the spare is in good condition and filled with air. It's amazing how many people cannot even operate a jack, one of the most important items for the traveler."

Among some safety suggestions offered by AAA are:

—Check the condition of all lights, including flashers. Carry a flashlight, reflector or flare.

—After eating, drivers should take a short break from driving, walking a short distance. Eating makes drivers sleepy.

—Pull over and rest at the first sign of drowsiness or let another person drive.

—Kids should be a help to the driver, not a hindrance. Calm games can be played, or youngsters can assist in reading the map or planning the day's travel schedule.

—Plan the next day's travel on the previous night, marking rest areas, service stations and restaurants on the map.

—Check road conditions and the type of highways to be traveled.

—Constantly be aware of proper lane usage, special demands of freeway driving and freeway entrances and exits.

—Observe all posted speed limits, especially near construction sites and in small towns.

## Family decisions concern dollars

**EDITOR'S NOTE:** In these times of rising inflation, many Mississippi families are finding it increasingly difficult to stretch family income. This third story of a seven-part series on Family Money Management gives families tips on ways they can improve decision-making skills when it comes to managing family income.

By JANE HONEYCUTT  
Mississippi Cooperative Extension Service

Decisions always bring results—good or poor—and a person's success or failure at managing family resources depends on personal decision-making abilities.

"Most decisions are related to money," said Bonita Bridges, area consumer management specialist, Mississippi Cooperative Extension Service.

"A person's ability to make sound decisions will determine both quality of their life and shape of their future. No one makes the right decision 100 percent of the time, but practice does improve a person's ability to make good decisions."

Decision-making within a family is a task shared at some level by each person in the family. Mrs. Bridges recently counseled a family which bought two new cars last year.

"Their car payments are \$300 a month," she said. "This leaves little or no money for entertainment, an important part of family living," she said. "Unfortunately, their decision to buy two new cars will determine what they can spend for several years."

"Before people make a sound decision, they must identify the problem," she said.

Do they need a luxury car or is basic transportation the real need? Look at alternatives—the costs and consequences of each. Can they substitute, recycle, improvise or repair?"

"Think about the decision made yesterday. How many were related to money? Everyone who buys, sells or uses goods and services is a

consumer," she continued. "all decisions are related to each other and to money and they all have results."

"No decision is isolated. Each has a past and a future," she warned.

Mrs. Bridges said there are several kinds of decisions. Essential decisions, such as whether to buy a house or when to buy a car, usually involve large sums of money. A serious mistake here could ruin a person's financial situation.

Routine decisions (those made repeatedly) may deal with simple issues like where to set thermostats on heating and cooling units. Still other decisions are unexpected. Personal decisions may deal with how people spend their leisure time. Policy decisions involve others. They may change family habits, so all involved must accept the results of this kind of decision-making.

"Some decision-making situations don't return often enough for us to learn from them," Mrs. Bridges said. "Often we must go through the same difficult process everytime we must make a decision."

"Get to know yourself," she advised consumers. "Personal values influence decisions and all consumers have economic, religious, social and theoretical values. Be sure you have enough information before making a decision; some involve risk."
